80

Specifications

Overview:

Dell Premier Rechargeable Wireless Mouse - MS7421W

Get uninterrupted productivity with a rechargeable mouse that offers up to six months battery life on a full charge and recharges in just two minutes for a full day's work.

Colour Graphite Black

Features:

Ready when you are

Enjoy six months of battery life when you charge it fully in just three hours. A quick, two-minute charge via the included USB-C cable will guarantee you a day's work of uninterrupted performance.

Seamless connectivity

Connect and switch effortlessly across three devices with the dual mode RF 2.4 GHz wireless and Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Dell Technologies is under license. Other trademarks and trade names are those of their respective owners.

Thoughtful design

Never lose the universal pairing receiver thanks to the dedicated dongle slot which allows you to conveniently keep it within the mouse when not in use.

Simple management

Dell Peripheral Manager lets you customise your accessories to elevate your workflow. Make DPI adjustments and configure the programmable buttons to your frequently used commands to empower productivity.

Precise tracking

Sculpted with a patterned grip in cool black, you can navigate with ease across ultra-wide and high-resolution displays and multi-monitor setups.
