Performance tier: High-End Business

Uses: Office work, Data entry, Multi-device switching, Secure browsing, Long-duration tasks

Overview:

The HP 685 Comfort Dual-Mode Mouse (Part Number NBHP8T6M0UT) is engineered for professionals who demand both productivity and ergonomic support throughout the workday. Designed with a naturally contoured shape, soft side grips, and a premium coating, this mouse ensures comfortable use during extended sessions while delivering quiet clicks and rapid scrolling capabilities. Whether you are navigating complex spreadsheets or coding applications, the device adapts to your workflow with programmable buttons and a versatile 4D tilt wheel that enables seamless vertical and horizontal navigation.

Description:

This dual-mode wireless mouse offers a secure connection via HP Unifying Dongle or Bluetooth, allowing users to pair up to three devices and switch between them instantly. With an impressive battery life of up to 20 months on a single AA battery and Swift Pair technology for quick setup, it is the ideal companion for modern workspaces. The device supports multi-surface tracking, features AES 128-bit encryption for security, and includes at least 65% post-consumer recycled plastic in its construction.

Features:

Why This Mouse Stands Out
The HP 685 Comfort Dual-Mode Mouse balances performance with ease of use. It is compatible with a wide range of operating systems including Windows 11, Windows 10, macOS, and ChromeOS, ensuring it fits into any digital environment. The inclusion of Intel EVO certification guarantees a reliable experience across different platforms, while the ability to track on virtually any surface means you can work from anywhere without needing a mouse pad.

- Purposefully designed performance with six customizable feature buttons
- Securely connect up to three devices via HP Unifying Dongle or Bluetooth
- Up to 20 months of battery life powered by one AA battery
- 4D tilt wheel for fast vertical and horizontal scrolling
- Silky smooth navigation with multi-surface tracking technology
- Eco-friendly design containing at least 65% post-consumer recycled plastic

The mouse features a compact and lightweight build, weighing just 88 grams to reduce hand fatigue. Its dimensions of 120 x 69.1 x 42.2 mm make it suitable for various hand sizes while maintaining a professional aesthetic in black. The wireless range extends up to 10 meters in open areas, giving you the freedom to work from your desk or across the room without signal interruption.

Technical Specifications:

- Resolution: Up to 4000 dpi for precise cursor control
- Sensor Technology: Multi-surface tracking works on most surfaces
- Security: AES 128 bits encryption protects your data
- Buttons: 7 total buttons with 6 being programmable for shortcuts

- Wireless Range: Up to 10 meters in open areas
- Battery Type: 1 x AA battery providing up to 20 months of use

Connecting your devices has never been simpler thanks to Swift Pair technology. When the system prompts you to pair, a single click confirms the connection via Bluetooth, saving valuable time during setup or reconnection sessions. The device also meets numerous global certifications including FCC, CE, RoHS, and Intel EVO, ensuring it complies with international safety and quality standards.

What's in the Box

- Wireless mouse
- USB dongle for secure connectivity
- 1 x AA battery ready for immediate use
- Quick start guide to help you get started
- Warranty card with product registration details

The HP 685 Comfort Dual-Mode Mouse (SKU NBHP8T6M0UT) represents a smart investment for anyone looking to enhance their daily computing experience. By combining ergonomic design, long-lasting power, and versatile connectivity options, it serves as a reliable tool that grows with your needs while maintaining high standards of security and performance.

FAQ

What operating systems are compatible with this mouse?
The HP 685 Comfort Dual-Mode Mouse supports Windows 11, Windows 10, macOS, and ChromeOS.

How can I connect the mouse to multiple devices?
You can securely pair up to three devices simultaneously using either the included USB-A nano-dongle or Bluetooth technology, allowing you to switch between workspaces with a single click.

What is included in the box and how long does the battery last?
The package contains the wireless mouse, a USB dongle, one AA battery, a quick start guide, and a Warranty card. The device offers up to 20 months of battery life from a single AA battery.

Does this mouse work on different surfaces and what are its key features?:

Yes, the multi-surface tracking sensor allows you to track on virtually any surface. It features an ergonomic design with soft side grips, programmable buttons for customization, and a 4D tilt wheel that supports both vertical and horizontal scrolling.

Is the connection secure and how precise is the cursor control?
The mouse ensures safe connectivity through AES 128-bit encryption. For precision, it offers a resolution of up to 4000 dpi, making it suitable for detailed tasks.
