Specifications

Overview:

The HP Pro Webcam makes it easy to chat with friends and family near and far using the internet. The camera has a built-in microphone and attaches to your computer via USB, letting you get the most out of video-chat programs with a single peripheral. With 30fps 640 x 480 video capture, people who are chatting with you can see you clearly. The webcam also supports image capture of up to 1.3 megapixels with software enhancement, allowing for quick snapshots to post to Facebook or other websites. A manual focus ring ensures consistently sharp images. The Pro Webcam is an excellent peripheral for Skype, MSN Messenger, AIM, and more.

- Compatible with AIM, MSN Messenger, Skype, and Yahoo! Messenger
- Up to 30 frames per second (fps) for smooth and natural body motion
- Integrated microphone and plug-and-play USB connection for easy installation and ease of use
- Photo button to take snap shots
- Software included: capture, edit and share short videos and edit and retouch photos with ArcSoft Webcam Companion 3. Use Magic-I Visual Effects 2 to enhance your on-line chats with Masque, fun frames and special filters
- Tilt and Pan: adjust your webcam up, down, right, and left
- Focus Ring for consistent sharp images
