Specifications

About this product

The Noble Stainless Steel Disc Padlock 70mm is a premium security lock engineered with a corrosion resistant stainless steel armor outer shell, offering robust weatherproof, rustproof and waterproof protection for gates, storage units and external doors while fitting most standard storefront gate receptacles with 2 keys included for secure access.

Overview Summary

Product: Noble Stainless Steel Disc Padlock 70mm

The Noble Stainless Steel Disc Padlock - 70mm is built for long lasting outdoor protection with a rugged stainless steel body that resists rust, corrosion and weather damage. Designed to fit most receptacles on gates, sheds, garages and storage areas, this padlock delivers reliable security and durability in harsh environments. Its disc shape offers enhanced pry resistance and the included 2 keys ensure convenient access right out of the box.

This weatherproof padlock is ideal for residential, commercial and industrial use where exposure to rain, dust and extreme temperatures is common. With a waterproof design and solid construction, users gain peace of mind knowing their assets are protected with a dependable locking solution.

Performance tier: Durable Outdoor Security

Uses: Gate security, storage lock, shed lock, garage protection, commercial padlock

Description

The Noble Stainless Steel Disc Padlock 70mm is crafted for users seeking reliable security in outdoor and high exposure environments. Its thick stainless steel outer shell provides enhanced protection against rust and corrosion while the disc design increases resistance to prying and cutting attempts. With a versatile size that fits most standard storefront gate and door receptacles, this padlock is a practical choice for homeowners and businesses alike. The waterproof and weatherproof construction ensures lasting performance even in rain, dust or coastal conditions.

Included with the padlock are 2 precision cut keys that allow smooth locking and unlocking action. The padlock operates smoothly and offers a solid feel for everyday use. A one month warranty gives additional assurance of quality and performance.

Features

This Noble disc padlock is equipped with features that support durability, ease of use and reliable security:

- Stainless steel armor shell for maximum corrosion and rust resistance in outdoor conditions.
- Weatherproof and waterproof design suitable for gates, sheds and external doors exposed to elements.
- Disc style body reduces leverage points and enhances pry resistance.
- 70mm size fits most standard storefront gate receptacles and door fixtures.
- 2 keys included for convenient access and sharing with trusted users.
- 1 month warranty to cover initial quality and workmanship.

What's in the Box

- 1 x Noble Stainless Steel Disc Padlock 70mm
- 2 x Precision cut keys
- 1 x Warranty card
