Product Overview

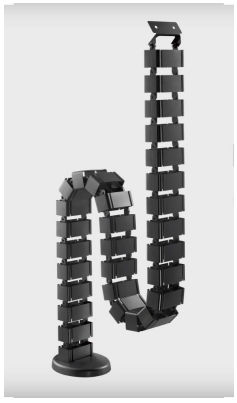

Lumi sit stand desk vertebrae cable management - 1.3m, Interlink blocks, 7inch diameter steel plate, CC10-1 - flexible spine cable organizer (Note: Color is black)

Specifications

Overview:

CC10-1 Quad Entry Vertebrae Cable Management Spine
Great for Height Adjustable Sit-Stand Desk or Stationary Desk Cable Management

Maintain a neat and clean appearance at your desk by hiding your computer's cables inside this cable management spine. This attractive cable management spine adjusts and bends to keep cables organized and out of view. It routes cables from floor to desk to provide protection and strain relief. The spine consists of 30 removable vertebrae, which allow it to flex and curve. Each vertebrae is divided into four sections, so you can segregate cables by function or type. The vertebral structure allows the spine to extend or contract with your sit-stand adjustable height desk. The base plate with iron block provides extra weight to reduce movement when using a height adjustable desk.

Features:

- Cable Organizer & Hider: keep cables concealed and protect cables from the wear and tear
- Modular Vertebrae Structure: allows users to add or subtract individual vertebra as required
- Quad Entryway Design: enables cable separation
- Weighted Base with Iron Block: offers extra stability
- Easy Setup: tools-free assembly in minutes

Specifications:

Product Category	Cable Management Spine
Rank	Standard
Material	Steel, ABS
Dimensions	1300x67x35mm (51.2"x2.6"x1.4")
Joints	30
Installation	Screw Fixation
