

NET-FLY-GN-0.5M-L

Lindy Cat5E F/UTP cable - Green - 0.5m

Product Overview

Lindy Cat5E F/UTP cable - Green - 0.5m, Snagless (Latch protection) with kink protection

Specifications

Overview Summary:

The Lindy CAT5e F/UTP cable in green (0.5m) is designed for optimal performance and reliability, making it the ideal choice for both home and office networking. Equipped with snagless RJ45 connectors for latch protection and kink-resistant design, this cable is built to endure everyday wear and tear, ensuring long-lasting use. With Gigabit Ethernet support and a Category 5e rating, it delivers fast and stable data speeds for activities like streaming, gaming, or work tasks. The cable is available in a range of colors and lengths to suit various setups, from short connections to longer runs. Buy now and experience reliable network performance.

Performance tier:High-speed performance

Uses:Home networking, office networking, high-speed internet, video streaming, online gaming, file transfers

Overview:

Lindy CAT5e F/UTP Cable - Green - 0.5m, Snagless Design with Kink Protection

The Lindy CAT5e F/UTP cable offers a high-quality, durable connection solution designed for both home and office networks. Available in a variety of colors including green, this 0.5m cable ensures reliable data transmission for all your networking needs. The cable is equipped with snagless RJ45 connectors that provide latch protection, preventing cable damage during installation or use. It also features kink protection to further enhance its longevity and reliability.

Features:

Product Highlights

- Available in multiple colors: Grey, Blue, Red, Green, Yellow, and Black
- Cable lengths include 0.3m, 0.5m, 1m, 3m, 7.5m, 10m, and 15m (color-dependent)
- Snagless RJ45 plug with latch protection

ComX Computers

Product Specification Sheet

- Kink-resistant design to prevent damage
- Gigabit Ethernet compatible for high-speed performance
- Category 5e, Class D rated for robust data transmission
- 4 x 2xAWG26 twisted pair conductors for enhanced signal integrity
- Fully supports 10/100/1000Base-T Ethernet connections

Enhanced Durability for Long-Lasting Use

The Lindy CAT5e F/UTP cable is built to withstand the demands of high-speed internet and network connectivity. Its snagless design prevents the RJ45 connector from being damaged, while the kink protection ensures the cable maintains its shape and integrity, even with frequent use or bends. This makes the cable ideal for both home offices and professional environments, where reliable performance and durability are crucial.

Reliable High-Speed Network Performance

With support for Gigabit Ethernet and a Category 5e classification, this cable guarantees fast data speeds and stable connections, making it perfect for video streaming, gaming, online work, and other bandwidth-intensive tasks. Whether you're setting up a new office network or upgrading your home connectivity, this cable provides consistent and secure performance for all your wired devices.

Flexible Lengths and Color Options

The Lindy CAT5e F/UTP cable comes in various lengths, allowing you to choose the perfect size for your specific setup. Whether you need a short 0.5m connection or a longer 15m cable, you'll find the right fit for your space. Plus, the cable is available in a range of colors, so you can easily match it to your decor or help organize multiple cables in your setup.

High-Quality Construction for Secure Connections

The cable features 4 twisted pairs of 26 AWG copper wire, which enhances signal quality and reduces interference. It supports 10/100/1000Base-T speeds, making it ideal for both home and office networking tasks. From basic internet browsing to high-speed file transfers, this cable ensures optimal performance every time.

Whether you're upgrading your network infrastructure or just need a reliable connection for everyday use, the Lindy CAT5e F/UTP cable is an excellent choice for consistent and high-speed networking.
