

## NET-SS-611B

Proskit 1500W heat gun

### Specifications

#### About this product

The Proskit NET-SS-611B 1500W Heat Gun is a versatile tool for a wide range of heating applications. Ideal for bending and soldering pipes, shrinking tubing, or lap welding PVC sheets, this heat gun provides precise and adjustable heat for professional and DIY tasks. Buy now from our site to tackle your projects with confidence.

Featuring smart protection and dual temperature settings, the SS-611B ensures safe and efficient operation. Shop now from our online store and experience a reliable, high-performance heat gun.

#### Overview Summary

**Product Title:**Proskit NET-SS-611B 1500W Heat Gun

The Proskit NET-SS-611B is a high-performance heat gun suitable for multiple applications, including pipe bending, soldering, tubing shrinkage, lap welding PVC sheets, and general heat spreading. Its dual temperature control allows users to switch between 380degreesC and 500degreesC, providing precise heat for different tasks.

The heat gun features smart protection technology, automatically turning off in the event of overheating, ensuring safe operation. Lightweight and easy to handle, the SS-611B delivers consistent heat for professional, home, and workshop use. Shop now from our online store for a dependable heating solution.

**Performance tier:**Professional / Industrial

**Uses:**Pipe bending, Soldering, Shrink tubing, Lap welding, PVC sheets heating

#### Description

The Proskit NET-SS-611B 1500W Heat Gun is designed for precision and safety in a variety of heating tasks. It features dual temperature settings (380degreesC and 500degreesC) suitable for soldering, pipe bending, tubing shrinkage, and lap welding of PVC sheets. The smart protection system automatically shuts off the device if it overheats, preventing damage and ensuring safe operation.

Compact and ergonomic, the heat gun is easy to handle for extended periods. Its adjustable temperature and consistent airflow make it ideal for professional use, DIY projects, and workshop applications. The SS-611B delivers reliable performance for accurate and efficient heat applications.

## Features

- High-performance 1500W heat gun
- Dual temperature settings: 380degreesC and 500degreesC
- Smart protection automatically shuts off when overheated
- Suitable for pipe bending, soldering, tubing shrinkage, and PVC welding
- Ergonomic and lightweight design for easy handling
- Consistent airflow and precise temperature control
- Includes slit nozzles for lap welding applications

## What's in the Box

- 1 x Proskit NET-SS-611B Heat Gun
- 1 x Adjustable Nozzle for lap welding
- 1 x Instruction Manual

## Specifications

- Product Code: NET-SS-611B
- Brand: Proskit
- Power: 900W / 1300W
- Voltage: 230~240V
- Temperature Range: 380degreesC / 500degreesC
- Smart protection: Automatic shut-off on overheating
- Applications: Soldering, pipe bending, tubing shrinkage, PVC sheet welding
- Dimensions: 25 x 10 x 7 cm
- Weight: 1.2 kg

## FAQ

### Can the Proskit NET-SS-611B heat gun be used for soldering in South Africa?

Yes, it is suitable for soldering, tubing shrinkage, pipe bending, and PVC welding. Delivery is available throughout South Africa and collection can be arranged in South Africa, Zimbabwe, Namibia, and Mozambique.

### Does the heat gun have safety features?

Yes, it includes smart protection that automatically turns off the device if it overheats.

### What temperature ranges are available on this heat gun?

The NET-SS-611B provides dual temperature settings of 380degreesC and 500degreesC for precise heating applications.
