Specifications

About this product

The Tapo RVA520 Robot Vacuum Replacement Kit provides 4 washable HEPA filters for compatible Tapo robot vacuum cleaners, helping maintain effective filtration and cleaning performance. Designed for the Tapo RV50 Pro Omni and Tapo RV50 Omni, the filters are easy to install without tools and are recommended for replacement every 2-4 months. Buy the Tapo RVA520 online for convenient robot vacuum maintenance in South Africa.

Overview Summary

Tapo RVA520 Washable HEPA Filter 4-Pack

The Tapo RVA520 is a replacement filter kit designed for compatible Tapo robot vacuum cleaners. The kit includes 4 washable HEPA filters, providing replacement filtration components to help keep your robot vacuum maintained and ready for regular cleaning.

Designed for the Tapo RV50 Pro Omni and Tapo RV50 Omni, the filters are easy to install and require no tools. Tapo recommends replacing the filters every 2-4 months, making the RVA520 a practical maintenance accessory for routine robot vacuum care.

Performance tier: Genuine replacement accessory

Uses: Robot vacuum maintenance, filter replacement, routine cleaning system maintenance

Description

The Tapo RVA520 Robot Vacuum Replacement Kit is designed to provide replacement filtration for compatible Tapo robot vacuum cleaners. It contains 4 washable HEPA filters for use with the Tapo RV50 Pro Omni and Tapo RV50 Omni.

Regular filter maintenance is an important part of keeping a robot vacuum ready for everyday cleaning. The washable design allows the filters to be maintained as part of the recommended replacement routine, while the 4-filter pack provides multiple replacement filters for ongoing maintenance.

Installation is straightforward and requires no tools, making it easy to replace a used filter and return the compatible robot vacuum to its normal cleaning routine. Tapo recommends replacing the filters every 2-4 months.

The Tapo RVA520 is suited to households using compatible Tapo RV50 series robot vacuums and looking for a genuine replacement filter accessory for routine maintenance.
