Installation Guide

Specifications

Overview:

Tapo S200D - Smart Remote Dimmer Switch

- Smart Actions - Control and set multiple smart lights, electronics, and other Tapo smart devices.
- Local Instant Control - Get instant, app-free control over your smart devices with the smart remote dimmer switch.
- Control From Multiple Locations - Control your smart lights from multiple locations with more than one dimmer switch.
- Customized Actions - Single tap, double tap, and rotating options enable you to trigger multiple smart actions.
- Flexible Mounting - Place the smart remote dimmer switch wherever you want, and your lighting control are always within reach.
- Long Battery Life - The battery will last more than one year.

Features:

Smart Control at Your Fingertips

Tapo S200D adds local instant control to your smart lights, simplifying how you control home illumination. Share it with your family members or guests to set the perfect light ambiance for their mood. Dont bother opening up an app.

Multi-Location Dimming

Control your smart light from multiple locations with more than one dimmer switch. This way, your single-pole dimmer turns into a 3-way or even 4-way dimmer without rewiring.

Personalized Lighting Scenes

Easily design scenarios for your daily routine or special activities by customizing brightness. Trigger a preset scene to control multiple lights in just one or two taps.

Flexible Mounting

Replace your old wall plate with the included screws, or stick the button anywhere with the provided adhesives. You can also attach the switch without a wall plate on any magnetic surface. Place it wherever you want, and your lighting controls are always within reach.

Over 1 Year of Battery Life

The Smart Button uses one of the most common CR2032 coin cell batteries, supporting a battery life of over one year.

Works with the Tapo Hub

Connect Tapo S200D to the Tapo Hub to unlock more versatile settings for Tapo smart lights (Hub sold separately).

Personalized Location Stickers

Use the included customized label stickers to meet your aesthetic and practical needs.

Installation Guide

- Attach the non-slip pad to the button to keep it firmly in place. Non-slip Pad Then magnetically attach the button to the wall plate.
- Do not place the non-slip pad on the wall plate. Non-slip Pad

Customizable Actions

Use the Tapo app to define what a single tap, double tap, and rotation trigger based on your personalized needs. Just spark your imagination.

- Single TapTurn the light on/off
- Double TapChange the lighting effect
- RotateChange the brightness or light temperature
