Product Overview

Rapoo NK1800 spill resistance Wired USB Keyboard, Anti-oxidation sealed membrane, Laser carved keycap

Specifications

Overview:

- Spill-resistant design
- Laser carved keycap
- Anti-oxidation sealed membrane

Features:

NK1800 Spill Resistance Wired USB Keyboard

The wired keyboard is well spaced, low keys for accurate and fast typing with low sound and better response. Durability, led lights makes it a sleek design and the comfortable, faster keyboard for effortless work and to make it fun.

Laser Carved Keycap

Keycap printing adapts laser carving technology that makes it wearable, stronger and longer lifetime.

Anti-Oxidant Sealed Membrane

The sealed membrane ensures a longer keyboard lifetime as it protects inner circuit from any oxidization.

Spill Resistant Design

Spill resistant design so that your work doesn't stop because of some water splashes.

Durable Design

The keyboard has laser carved keycap, spill resistance and sealed membrane, etc all combined together to get you a durably designed product.

Led Lights

Rapoo's NK1800 keyboard has led lights which helps in indicating various functions such as caps lock, num-lock etc.

Plug And Play

No need of software installation or multiple cord attachments, just plug it in USB port and the keyboard all set and done for unlimited typing.
