

NLS-HR1250-70

Newland-HR12 Anchoa 1D CCD Handheld Reader with 2 mtr. direct USB cable

Product Overview

Newland-HR12 Anchoa 1D CCD Handheld Reader with 2 mtr. direct USB cable

Specifications

Overview summary:

The **Newland HR12 Anchoa** is a compact, ergonomic **1D handheld barcode scanner** designed for retail, office, and light industrial use. Utilizing advanced **CCD technology**, it delivers fast and accurate scanning of all standard 1D barcodes—even damaged or low-quality labels. Its lightweight design and comfortable grip make it ideal for extended use, while the **plug-and-play USB interface** ensures easy integration with existing systems. Featuring a wide scanning angle, rapid scan rate of up to 300 scans per second, and durable construction with 1.5m drop resistance, the HR12 Anchoa provides reliable, efficient barcode reading with visual and audio feedback to confirm successful scans.

Overview:

The Newland HR12 Anchoa is a compact and ergonomically designed 1D handheld barcode scanner ideal for retail, office, and light industrial environments. It uses advanced CCD technology to deliver fast and accurate barcode reading even on low-quality or damaged barcodes. With a lightweight form factor and plug-and-play USB interface, it offers effortless integration into existing systems.

Features:

- 1D Barcode Scanning: Supports all standard 1D barcodes using CCD technology.
- Ergonomic Design: Comfortable grip and lightweight body suitable for prolonged use
- Plug-and-Play: Direct USB connection ensures simple and fast deployment
- Wide Scanning Angle: Enables flexible scanning of barcodes from multiple angles
- Durable Construction: Built to withstand daily use in commercial environments
- Quick Response Time: High-speed scanning ensures efficient workflow
- Visual and Audio Feedback: Confirms successful scans with LED and buzzer

Specifications

Product Code	NLS-HR1250-70
Model	NLS-HR1250-70
Scan Type	1D CCD
Supported Symbologies	All standard 1D barcodes
Interface	USB (2 m direct cable)
Light Source	617 nm visible red LED
Scan Rate	Up to 300 scans per second
Depth of Field	Up to 250 mm (depending on barcode type)
Reading Precision	>= 4 mil
Indicators	LED, Buzzer
Dimensions	153 x 70 x 87 mm
Weight	Approx. 120 g
Operating Temperature	-20 degreesC to 60 degreesC
Storage Temperature	-40 degreesC to 70 degreesC
Humidity	5% to 95% (non-condensing)
Drop Resistance	1.5 m onto concrete
Certifications	CE, FCC, RoHS
