Product Overview

Netix RJ45 Rubber Boots - 100 Pieces, Fits RJ45 Cat5, Cat5e, Cat6 Connectors, Shield Connectors From Dust, Moisture, And Physical Wear, Multi Assorted Colors, No Warranty

Specifications

About this product

Netix RJ45 Rubber Boots provide essential protection for RJ45 Cat5, Cat5e, and Cat6 connectors, shielding them from dust, moisture, and physical wear while maintaining reliable network cable performance and ease of installation.

Overview Summary

The Netix RJ45 Rubber Boots - 100 Pieces set includes flexible protective covers designed to fit standard RJ45 Cat5, Cat5e, and Cat6 connectors. These boots help prevent dust ingress, moisture damage, and abrasion to connector heads and plugged environments, extending cable life and preserving signal integrity. With a simple slip-on design they install quickly during assembly or cable deployment.

This multi pack is ideal for network installers, IT technicians, and home users who need dependable connector protection in office, data center, or residential networks. The assorted colours make it easy to organise cable runs by function or location. Lightweight and resilient, these boots help maintain professional quality network terminations.

Performance tier: Connector protection accessories

Uses:RJ45 connector protection, cable identification, network organisation, dust and moisture shielding

Description

The Netix RJ45 Rubber Boots 100 piece assortment offers a practical solution to protect network cable terminations from environmental wear. These boots are moulded from flexible, durable rubber that slips over the connector body, covering the latch area and connector shell to shield from entry of dust and moisture. Compatible with Cat5, Cat5e, and Cat6 RJ45 plugs, the boots are sized for a secure fit and will not interfere with cable seating in tight patch panels or wall jacks. The multi colour kit supports visual cable management and system labelling. Ideal for field technicians and network installers, these boots enhance maintenance routines and reduce the risk of connector damage during frequent handling or reconfiguration.

Features

- 100 piece assortment of RJ45 rubber boots for bulk use or repeated installations.
- Fits Cat5, Cat5e, and Cat6 RJ45 connectors without impeding cable plug alignment.
- Protects connector latch area from dust, moisture, and abrasion.
- Assorted colours for simple cable identification and organisation.
- Flexible rubber material for easy installation and removal.

What's in the Box

- 100 x RJ45 Rubber Boots assorted colours

- Compatible connectors: RJ45 Cat5, Cat5e, Cat6
- Material: Flexible rubber
- Colour: Assorted
- Purpose: Dust, moisture, and physical wear protection
- Warranty: No warranty

FAQ

What are RJ45 rubber boots used for?

RJ45 rubber boots provide protection for RJ45 connectors by covering the latch area and connector shell to guard against dust, moisture, and wear, helping extend cable life and maintain performance.

Will these boots fit all RJ45 cables?

Yes, these Netix boots are designed to fit standard RJ45 Cat5, Cat5e, and Cat6 connectors, providing a snug protective cover without interfering with plug insertion into network jacks or patch panels.

Can the assorted colours help with cable management?

Yes, the assorted colours in this 100 piece set make it easy to colour code network runs, identify cable groups, and organise connections in offices, data centres, or home networks.

Are these boots reusable?

Yes, the flexible rubber material allows these boots to be removed and reused during cable reconfiguration or maintenance as needed.

Do these boots come with a warranty?

No, this product is sold without a warranty, so it is recommended to check fit and compatibility with your specific connectors before widespread deployment.
