Netix Cat5 Pass Through Shielded Connectors - 100 Pack

Product Overview

Netix Cat5 Pass Through Shielded Connectors - 100 Pack, Cat5, Cat5e Connectors, High Quality Connectors, 8P8C Modular Plug, Gold Plated For Reliable Signal Transmission, Data Transmission Up To 100Mbps, LAN Cable Assembly, Professional And DIY Networking Usage, Protect Against EMI and Crosstalk, No Warranty.

Specifications

About this product

Ensure fast and reliable network connections with the Netix Cat5 Pass Through Shielded Connectors. This 100-pack of 8P8C modular plugs features gold-plated contacts for optimal signal transmission and EMI protection. Designed for professional and DIY networking, these connectors support data transmission up to 100Mbps and reduce crosstalk, making LAN cable assembly efficient and precise.

Overview Summary

Netix Cat5 Pass Through Shielded Connectors - 100 Pack

These high-quality Cat5 connectors are built for reliable LAN cable assembly and networking projects. Each connector features a pass-through design that allows for precise wire alignment and easier installation. Gold-plated contacts ensure consistent signal performance while shielding protects against electromagnetic interference and crosstalk.

Perfect for both professional IT setups and home DIY networking, these connectors support fast data transmission up to 100Mbps, enabling smooth network performance. They are compatible with Cat5 and Cat5e cables, providing flexibility for a range of networking requirements.

Performance tier:Professional / Mid-range

Uses:LAN cable assembly, home networking, office networking, IT installations, DIY network projects

Description

The Netix Cat5 Pass Through Shielded Connectors are designed to simplify network cable assembly while ensuring top-notch performance. Each connector is compatible with Cat5 and Cat5e cables and features a pass-through design for quick and accurate wiring. Gold-plated contacts provide reliable signal transfer and prevent corrosion, while the shielding reduces

interference and crosstalk for stable network connections. Ideal for both professional IT installations and DIY networking projects, this 100-pack offers excellent value for consistent, high-quality performance.

Features

- High-quality 8P8C modular plug design
- Gold-plated contacts for optimal signal transmission
- Pass-through connectors for easy cable assembly
- Shielded design to protect against EMI and crosstalk
- Supports Cat5 and Cat5e network cables
- Data transmission speeds up to 100Mbps
- Suitable for professional and DIY networking use
- 100 connectors included per pack

What's in the Box

- 100 x Netix Cat5 Pass Through Shielded Connectors

Specifications

- Connector type: 8P8C Modular Plug
- Cable compatibility: Cat5, Cat5e
- Shielded: Yes
- Data transmission: Up to 100Mbps
- Contact plating: Gold
- Pack size: 100 connectors
- Use case: LAN cable assembly, professional and DIY networking
- EMI protection: Yes
- Crosstalk reduction: Yes
- Warranty: None

FAQ

Are these connectors compatible with Cat5e cables?

Yes, these Netix connectors support both Cat5 and Cat5e cables, allowing flexibility in network cable installations.

What is the maximum data speed supported?

They support data transmission up to 100Mbps, suitable for most standard LAN applications.

Can these connectors be used for professional IT installations?

Yes, their gold-plated contacts and shielding make them suitable for both professional and DIY networking projects.

Do these connectors protect against interference?

Yes, the shielded design helps protect against electromagnetic interference (EMI) and reduces crosstalk for stable network performance.

How many connectors are included in the pack?

This product includes 100 connectors, providing enough for multiple network setups or bulk installations.
