UGreen CAT6 UTP Ethernet cable 2m - Red

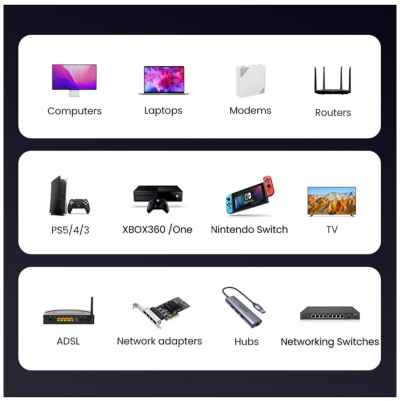

Product Overview

UGreen CAT6 UTP Ethernet cable 2m - Red, 26AWG Copper Clad Aluminium conductors, Gold-Plated RJ45 connectors, Snag-less moulding

Specifications

Overview Summary:

Upgrade your wired network with the UGREEN Cat6 UTP Ethernet Cable 2m in red, designed to deliver reliable Gigabit network performance for home and office use. Featuring gold-plated RJ45 connectors and a snag-less design, it provides stable connections for routers, computers, laptops, smart TVs, gaming consoles, switches and modems.

Whether you're streaming, gaming or transferring files, this Cat6 cable offers dependable performance with reduced interference for everyday networking. Buy now and enjoy a simple, durable networking solution, or shop now for a quality Ethernet cable that keeps your devices connected. GeeWiz+1

Performance tier: Entry-Level Gigabit Networking

Uses: Connecting routers, modems, switches, desktop PCs, laptops, smart TVs, gaming consoles, network devices, home networking, office networking

Overview:

UGREEN Cat6 UTP Ethernet Cable 2m Red
The UGREEN Cat6 UTP Ethernet Cable is a dependable networking cable designed for fast and stable wired connections in homes, offices, and gaming setups. With a convenient 2 metre length, it easily connects routers, modems, switches, network adapters, desktop PCs, laptops, smart TVs, and gaming consoles. Built to the Cat6 standard, it supports Gigabit Ethernet speeds of up to 1000 Mbps with a 250 MHz bandwidth, making it an excellent choice for streaming, online gaming, large file transfers, and everyday networking tasks. Its 26AWG copper clad aluminium conductors use an 8-core twisted pair design with the 568B wiring standard to minimise interference and crosstalk, while gold-plated RJ45 connectors and snag-less moulding provide reliable long-term connectivity.

Description:

Designed for users who need a reliable wired Ethernet connection, this UGREEN Cat6 cable delivers consistent network performance for both home and business environments. The durable construction helps maintain signal quality, while the gold-plated connectors resist corrosion for dependable operation over time. Whether you are upgrading your office network, connecting entertainment devices, or improving gaming performance, this cable offers a simple and effective networking solution. Part Number NW102-80830 makes it easy to identify the correct model when ordering or replacing your cable.

Features:

Reliable Gigabit Network Performance
Supporting transfer speeds of up to 1000 Mbps and a bandwidth of 250 MHz, this Cat6 Ethernet cable is ideal for high-speed internet connections and local network communication. The twisted pair construction helps reduce electromagnetic interference, resulting in stable data transmission with fewer signal disruptions.

Built for Everyday Use
The snag-less connector design protects the locking clip during installation and removal, making it well suited for frequent use. Gold-plated RJ45 connectors help maintain a secure connection while resisting corrosion for dependable performance.

Key Details

- Part Number / SKU: NW102-80830
- Cat6 UTP Ethernet patch cable
- Supports speeds up to 1000 Mbps (1 Gbps)

- 250 MHz bandwidth
- 2 metre cable length
- Red cable finish
- 26AWG copper clad aluminium conductors
- 8-core twisted pair construction using 568B wiring
- Gold-plated RJ45 connectors
- Snag-less moulded connector design

Compatibility
This Cat6 Ethernet cable is suitable for connecting a wide range of network-enabled devices, including:

- Desktop computers and laptops
- Routers and modems
- Network switches
- Smart TVs
- Gaming consoles
- Network adapters and other RJ45-equipped devices

Technical Information

- Connector A: RJ45
- Connector B: RJ45
- Cable Standard: Cat6
- Maximum Data Speed: 1000 Mbps
- Bandwidth: 250 MHz
- Cable Length: 2 metres
- Conductor Type: 26AWG Copper Clad Aluminium
- Wiring Configuration: 568B
- Cable Colour: Red
- Braided Cable: No

Package Contents

- UGREEN Cat6 UTP Ethernet Cable 2m - Red x1
