Product Specification Sheet

- IP65 weatherproof, good for all seasons
- Support Amazon Alexa & Google Assistant

AI Powered Human Motion & Sound Detection, Audible & Strobe Light Siren

Equipped with an advanced motion & sound detection algorithm and sound sensor, OUTDOOR1 will send a notification as soon as abnormal movement or sound is detected. AI powered human motion detection sensitivity can be adjusted to reduce false detection caused by small animals, which allows you to only focus on what matters. Audible & strobe light is optional to trigger for motion event. When intruder comes into the view, audible & strobe light siren will take effect to warn intruder.

Supporting Phone APP & Web Client Remote Monitoring

OUTDOOR1 eliminates your concern about network failure, you can do remote monitoring on the Arenti APP, or login on <https://web-eu.arenti.net/> with your Arenti account by browser, enjoy convenient operation at PC.

2K/4MP Ultra HD Surveillance, Starlight Full Color And Smart Night Vision

A 2K/4MP resolution and starlight sensor equipped, providing crystal clear image. Not only traditional black/white IR night vision is supported, but also combined with warm white light, allows you to see your home in real time 24/7 with full color. And you can also choose smart night vision, smart switch between infrared mode and full color mode.

IP65 Weatherproof, for All Seasons. Long Power Cable Equipped, More Installation Flexibility

Thanks to durable and long-lasting weatherproof design as IP65 rating, OUTDOOR1 is able to serve you for years. A 3.6m power cable is attached at camera, adding power adaptor's 1.5m cable, OUTDOOR1's cable reaches at 5.1m. It brings more installation flexibility.

Support Full Duplex Two-way Audio

Built-in ultra-responsive Mic and speaker with noise cancellation, letting you see, hear and speak to the visitor and your loved ones anytime and anywhere.

3-Month Free Cloud Storage & SD Card Storage

Enjoy 3-month of Cloud storage at no extra cost. When motion or sound is detected, the video will be saved to the cloud for 72 Hours if cloud storage service is enabled. The camera is compatible with FAT32 Micro SD cards (sold separately, Max. 256G). Videos can be exported by MP4 format from the SD card.

Set, monitor and share all via Arenti App

Invite your family, friends, or anyone you care to download the Arenti APP, share the access of your camera for precious moments.

Easy to use

Safer, easier, smarter, our camera is amazingly easy to configure, and all you need is one App!

- Step 1: Power the Outdoor1 camera on
- Step 2: Connect the camera to Wi-Fi using Arenti App
- Step 3: Enjoy the live video, share the camera with your loved ones
- Step 4: Get alert message/video when abnormal motion and sound is detected
