Switchcom 50mm galvanized pole - 6m

Product Overview

Switchcom 50mm galvanized pole - 6m

Specifications

Overview:

The 50mm Aluminium Pole from Switchcom Distribution is perfect for ICT installations that require sturdy and durable mounting solutions. With a length of 6 meters, this pole can accommodate multiple ICT devices such as antennas, access points, and security cameras.

Made from high-quality aluminium, this pole is lightweight yet strong enough to withstand harsh weather conditions. It is also corrosion-resistant, ensuring a longer lifespan even when exposed to the elements.

This pole is easy to install and can be used with a variety of mounting brackets and accessories to suit different ICT applications. It is an ideal solution for ICT professionals who need a reliable and cost-effective way to mount their devices.
