P010-Z

RCT P010-Z 10-Way 16 A Rack-Mount Power Rail (ZA Plug)

Product Overview

RCT P010-Z 10-Way 16 A Rack-Mount Power Rail (ZA Plug), A slim, 1U rack-mounted power distribution unit (PDU) featuring ten South African 3-pin outlets and a built-in 16 A thermal overload switch"ideal for secure and organized power distribution in server racks or network cabinets.

Specifications

Overview:

The RCT RSA 10-way 16 A PDU is a robust and compact power management solution engineered for 19´´ rack installations. Housed in a 1 U-high, black steel chassis, it accommodates ten South African 3-pin outlets and includes a dedicated 16 A thermal overload switch to protect connected equipment from power surges. This PDU mounts vertically along one rack upright, optimizing space while maximizing outlet availability for network and server devices. Its design ensures neat cable management and reliable electrical performance in high-density setups.

Ideal Use Cases:

- Powering multiple rack-mounted devices like servers, switches, and UPS systems
- Ensuring safe, centralized power distribution with overload protection
- Optimizing space in compact or crowded server cabinets

Benefits:

- High outlet count: 10 outlets for streamlined device power management
- Thermal safety: Prevents overheating and overcurrent damage
- Space-efficient: Slim 1 U design keeps rack layouts clean
- Durable build: Solid steel construction for longevity
