P1031365-024

Zebra kit - QLN / ZQ5 / ZQ6 AC Adapter

Product Overview

Zebra kit - qln / ZQ5 / ZQ6 AC Adapter, US (Type-A) cord, Compatible with --> QLN220 / QLN320 / QLN420 / ZQ510 / ZQ520

Specifications

Overview Summary:

The Zebra P1031365-024 AC Adapter is a practical power solution for compatible Zebra QLn and ZQ mobile printers, designed to keep devices charged and ready for daily operations. Ideal for retail, logistics, warehousing and field mobility environments, this genuine Zebra adapter delivers dependable AC-to-DC power for consistent printer charging. If you need a reliable replacement or spare power adapter, buy now for fast integration into your existing setup.

Built for compatibility with multiple Zebra mobile printer models, this adapter helps reduce downtime and supports uninterrupted printing workflows. For businesses and professionals in South Africa looking for dependable printer accessories, shop now and add trusted Zebra power support to your operation.

Performance tier: Business-grade OEM accessory

Uses:mobile printer charging, POS printer power supply, warehouse printing support, logistics operations, field service printing, replacement power adapter

Overview:

The Zebra P1031365-024 AC adapter is a reliable power solution designed to keep compatible mobile printers and charging cradles operating efficiently. Built for consistent indoor use, it connects directly to AC power, allowing users to charge internal printer batteries without interruption. This makes it a practical accessory for businesses that rely on continuous printing in logistics, retail, and field service environments.

Description:

This AC power adapter provides stable and efficient charging for Zebra mobile printers, ensuring devices remain powered throughout demanding work cycles. Designed with an AC to DC conversion system, it delivers consistent energy output while maintaining compatibility with a range of Zebra QLn and ZQ series printers. Its straightforward setup and dependable

performance make it suitable for daily operational use where downtime is not an option.

Features:

Compatible Printer Models
The P1031365-024 adapter supports multiple Zebra mobile printer models, offering flexibility across different device deployments:

- QLn220
- QLn320
- QLn420
- ZQ510
- ZQ520

Power and Charging Performance
Maintaining battery levels is critical in mobile printing scenarios. This adapter ensures that printers and cradles remain ready for use by providing a stable connection to mains power.

- Converts AC input to DC output for efficient charging
- Supports direct connection to printers or charging cradles
- Designed for indoor environments where consistent power is required
- Includes a US Type-A power cord for immediate setup

Technical Summary
For quick reference, the key details of this Zebra adapter are outlined below:

- Part Number / SKU: P1031365-024
- Product type: AC power adapter
- Intended use: POS and mobile printers
- Power supply type: Indoor
- Current type: AC to DC
- Colour: Black
- Included cable: AC power cord

Practical Use Cases
This adapter is well suited for operations that depend on mobile printing throughout the day. Warehousing teams can keep printers charged between shifts, delivery personnel can ensure devices are ready before routes begin, and retail staff can maintain uninterrupted service at point of sale.

With the Zebra P1031365-024 AC adapter integrated into your setup, power management becomes simpler and more reliable, helping maintain productivity across supported Zebra printer models.
