About this product

The SonicGear P8000 Super Graphite Portable Bluetooth Speaker (P8000SGRAPHITE) delivers versatile portable audio with Bluetooth 5.0 connectivity, dual 52mm drivers, FM radio, USB music playback and TF card support. Its 1200mAh rechargeable battery provides up to 6 hours of playback at 50% volume, while True Wireless Stereo (TWS) technology lets you pair two compatible P8000 Super speakers for a wider stereo sound experience. With AUX input, a compact design and multiple music playback options, this portable speaker is ideal for everyday listening at home or on the go. Buy online today and enjoy convenient portable sound in South Africa.

Overview Summary

SonicGear P8000 Super Graphite Portable Bluetooth Speaker

The SonicGear P8000 Super is a portable wireless speaker designed for convenient music playback from compatible Bluetooth devices and other audio sources. It features Bluetooth 5.0, two 52mm drivers and a stated total system power of 20W, with a rated RMS output of 5W x 2. Its compact dimensions of 21 x 5.5 x 8 cm make it suitable for everyday audio in a variety of settings.

Enjoy flexible listening with Bluetooth streaming, built-in FM radio, USB music playback, TF card support and an AUX input. The rechargeable 1200mAh battery offers up to 6 hours of playback at 50% volume. TWS functionality allows two P8000 Super speakers to connect wirelessly for stereo playback, making this graphite portable speaker a practical option for music, radio and personal entertainment.

Performance tier: Entry-level portable wireless speaker

Uses: Bluetooth music streaming, FM radio listening, USB music playback, TF card audio playback, AUX audio playback, personal entertainment, travel and everyday home listening

Description

The SonicGear P8000 Super Graphite Portable Bluetooth Speaker is designed for convenient audio playback in a compact, portable format. Its graphite finish gives it a clean, understated appearance, while its compact body measures 21 x 5.5 x 8 cm. The speaker is suitable for users who want to listen to music or radio without relying on a traditional fixed audio system.

Bluetooth 5.0 allows compatible smartphones, tablets and other Bluetooth-enabled devices to stream audio wirelessly. The speaker also supports several alternative playback methods, including FM radio, USB music playback, TF card playback and AUX input. This flexibility makes it useful for listening to stored music, radio broadcasts and audio from compatible wired sources.

The dual 52mm drivers provide stereo audio output, with a stated RMS rating of 5W per driver and a total system power specification of 20W. For a more expansive listening experience, True Wireless Stereo technology allows two compatible SonicGear P8000 Super speakers to be paired wirelessly. Bluetooth transmission distance is specified at up to 10 metres under suitable conditions.

A built-in 1200mAh rechargeable battery supports up to 6 hours of playback at 50% volume. Actual battery life may vary depending on volume, playback source and operating conditions. Compact, versatile and easy to integrate into everyday routines, the SonicGear P8000 Super is suited to casual music listening, radio entertainment and portable audio use.

Features

- Bluetooth 5.0 connectivity: Stream audio wirelessly from compatible smartphones, tablets and other Bluetooth-enabled devices.
- 20W total system power: The stated total system power specification supports everyday personal music listening. The listed

FAQ

Does the SonicGear P8000 Super support Bluetooth"

Yes. The SonicGear P8000 Super uses Bluetooth 5.0 to stream audio wirelessly from compatible smartphones, tablets and other Bluetooth-enabled devices.

How much power does the SonicGear P8000 Super speaker deliver"

The speaker is listed with 20W total system power and a rated RMS output of 5W x 2. These figures describe different power ratings, so they should not be treated as interchangeable.

How long does the SonicGear P8000 Super battery last"

The built-in 1200mAh rechargeable battery provides up to 6 hours of playback at 50% volume. Battery life varies with volume, playback source and usage conditions.

Can I listen to FM radio on the SonicGear P8000 Super"

Yes. The speaker has built-in FM radio functionality, allowing you to listen to compatible FM broadcasts.

Can the SonicGear P8000 Super play music without Bluetooth"

Yes. It supports USB music playback, TF card playback and AUX input, in addition to Bluetooth streaming and FM radio.

Can I connect two SonicGear P8000 Super speakers together"

Yes. Its True Wireless Stereo functionality supports pairing with one additional compatible P8000 Super speaker for stereo playback.

What is the Bluetooth range of the SonicGear P8000 Super"

The stated Bluetooth transmission distance is up to 10 metres. Walls, obstacles and wireless interference can affect the actual connection range.

Which devices are compatible with the SonicGear P8000 Super"

It can stream audio from compatible Bluetooth-enabled devices, including smartphones, tablets and computers. Its AUX input can also be used with compatible wired audio sources.

Is the SonicGear P8000 Super suitable for portable everyday listening"

Yes. Its compact dimensions, rechargeable battery and multiple playback options make it suitable for casual music listening and radio entertainment at home or while travelling.

How long does it take to charge the SonicGear P8000 Super"

The listed charging time is approximately 3.5 hours using a USB 5V power input. Actual charging time may vary with the power source and charging conditions.
