Buy the SonicGear P8000 Super Lilac Bluetooth speaker online today for portable music and convenient everyday entertainment.

Overview Summary

SonicGear P8000 Super Lilac Portable Bluetooth Speaker - P8000SLILAC

The SonicGear P8000 Super is a compact portable speaker designed for convenient music playback at home, at work or while

travelling. Its lilac finish adds a distinctive look, while Bluetooth 5.0 enables wireless audio streaming from compatible smartphones, tablets and other Bluetooth-enabled devices. The dual 52mm drivers and 20W total system power provide a versatile audio solution for everyday listening.

Enjoy flexible playback with Bluetooth, FM radio, USB music playback, TF card support and an AUX input. The built-in 1200mAh rechargeable battery offers up to 6 hours of playback at 50% volume. With True Wireless Stereo technology, two compatible P8000 Super speakers can be paired for a wider stereo listening experience. Its compact dimensions make it suitable for portable entertainment and everyday use.

Performance tier: Entry-level portable wireless speaker

Uses: Music streaming, personal listening, home entertainment, desk audio, portable music playback, FM radio listening, USB music playback, TF card music playback

Description

The SonicGear P8000 Super Lilac Portable Bluetooth Speaker is designed for users who want convenient music playback in a compact and easy-to-carry format. Its lilac finish gives the speaker a distinctive appearance, making it a practical audio accessory for personal entertainment, home listening and casual gatherings.

Bluetooth 5.0 provides wireless connectivity to compatible devices, allowing you to stream music without a direct audio cable. The speaker also supports FM radio, USB music playback, TF card playback and AUX input, giving you several ways to enjoy your preferred audio content. This range of playback options is useful when switching between wireless streaming, stored music and radio broadcasts.

The dual 52mm drivers and 20W total system power are designed to deliver an enjoyable everyday listening experience. True Wireless Stereo technology allows you to pair the P8000 Super with another compatible P8000 Super speaker to create a stereo setup. Bluetooth transmission is supported over distances of up to 10 metres under suitable conditions.

A built-in 1200mAh rechargeable battery provides up to 6 hours of playback at 50% volume. Charging takes approximately 3.5 hours according to the published specifications. Measuring 210 x 55 x 80mm, the speaker is compact enough for desks, shelves and portable entertainment setups. It is a versatile choice for users seeking Bluetooth audio, radio and multiple music playback options in one device.

Features

The SonicGear P8000 Super combines wireless connectivity, multiple playback options and a rechargeable design for convenient everyday audio.

- Bluetooth 5.0: Stream audio wirelessly from compatible smartphones, tablets and other Bluetooth-enabled devices.
- 20W total system power: Provides audio output for everyday personal listening and casual entertainment.
- Dual 52mm drivers: Two speaker drivers support stereo-style audio reproduction from the compact enclosure.
- True Wireless Stereo (TWS): Pair two compatible P8000 Super speakers for a more expansive stereo listening experience.
- FM radio: Listen to supported FM radio broadcasts without relying exclusively on music streaming.
- USB music playback: Play compatible audio files from a supported USB storage device.
- TF card support: Access compatible music files stored on a TF or microSD card.
- AUX input: Connect a compatible audio source using an appropriate auxiliary audio cable.
- Rechargeable 1200mAh battery: Enjoy portable playback without needing a continuous direct power connection during use.
- Up to 6 hours of playback: Published battery life is up to 6 hours at 50% volume. Actual runtime varies with volume and usage.
- Compact dimensions: The 210 x 55 x 80mm design is suitable for desks, shelves and portable listening setups.
- Lilac finish: Adds a distinctive colour to your everyday audio accessories.

FAQ

Does the SonicGear P8000 Super Lilac speaker support Bluetooth?

Yes. It features Bluetooth 5.0 for wireless audio streaming from compatible smartphones, tablets and other Bluetooth-enabled devices.

How much power does the SonicGear P8000 Super speaker deliver?

The speaker has a published total system power of 20W, with RMS output listed as 5W x 2.

How long does the SonicGear P8000 battery last?

The built-in 1200mAh rechargeable battery provides up to 6 hours of playback at 50% volume. Actual battery life depends on volume and usage conditions.

Can I pair two SonicGear P8000 Super speakers together"

Yes. True Wireless Stereo technology allows two compatible P8000 Super speakers to be paired for a more expansive stereo listening experience.

Can the SonicGear P8000 Super play music without Bluetooth?

Yes. It supports FM radio, USB music playback, TF card playback and AUX input in addition to Bluetooth streaming.

What is the Bluetooth range of the SonicGear P8000 Super?

The published Bluetooth transmission distance is up to 10 metres. Walls, obstacles and wireless interference may affect the usable range.

How long does the SonicGear P8000 Super take to charge?

The published charging time is approximately 3.5 hours. Charging time may vary depending on the power source and charging conditions.

Which devices are compatible with the SonicGear P8000 Super Lilac speaker?

Bluetooth playback works with compatible Bluetooth-enabled devices. USB storage devices, TF cards and wired audio sources can also be used when they meet the speaker's supported connection and playback requirements

Is the SonicGear P8000 Super suitable for portable music listening?

Yes. Its compact 210 x 55 x 80mm dimensions and built-in rechargeable battery make it suitable for personal music listening at home, at a desk or while travelling.
