Specifications

About this product

The Fujitsu PA03641-0052 ScanSnap SV600 Black Background Pad is a replacement scanning mat designed to improve document contrast and scanning accuracy when used with the ScanSnap SV600 overhead scanner.

Overview Summary

Fujitsu ScanSnap SV600 Black Background Pad PA03641-0052is a replacement black scanning background mat designed for use with the ScanSnap SV600 document scanner. It provides a consistent dark surface behind documents to help improve contrast during overhead scanning.

The black background pad is placed in front of the ScanSnap SV600 scanner where documents are positioned during scanning. It helps create a cleaner scanning environment and is ideal as a replacement or spare accessory for existing scanner setups.

This genuine Fujitsu accessory is designed specifically for ScanSnap SV600 compatibility and supports reliable document scanning workflows.

Performance tier: Professional scanner accessory

Uses: Document scanning, office scanning, archive scanning, ScanSnap SV600 replacement accessory

Description

The Fujitsu PA03641-0052 Black Background Pad is a dedicated accessory for the ScanSnap SV600 overhead document scanner. Designed to sit beneath documents during scanning, the pad provides a black contrast background that helps the scanner detect document edges and capture clearer scans.

This replacement background pad is suitable for offices, businesses, and users who require a spare scanning surface for

continued use of their ScanSnap SV600 scanner. Its simple design allows quick replacement and helps maintain consistent scanning results.

The accessory is specifically compatible with the Fujitsu ScanSnap SV600 and is designed to work as part of the scanner's scanning setup.

Features

The Fujitsu ScanSnap SV600 Black Background Pad provides a practical replacement solution for maintaining efficient document scanning workflows.
