Overview:

KeyChron Double-Shot PBT OSA Keycap Set - Blue and White
Upgrade your Keychron mechanical keyboard with the premium Double-Shot PBT OSA keycap set in a stylish blue and white design. Crafted for durability, comfort, and aesthetics, these keycaps transform both the feel and appearance of your keyboard.

Description:

This Keychron keycap set features durable double-shot PBT construction with 1.3 mm thickness, ensuring long-lasting use without shine or fading. The OSA profile delivers ergonomic comfort for extended typing sessions, while MX-style stems guarantee stable installation. Designed to fit a wide range of Keychron keyboards, this set offers a sleek blue and white color scheme that personalizes your workspace and enhances your typing experience.

Features:

Premium Double-Shot PBT Material for Long-Lasting Use
Built from high-quality double-shot PBT, these keycaps resist wear and maintain crisp legends over time. The double-shot molding ensures that characters will not fade, keeping your keyboard looking sharp and clean for years. Unlike standard keycaps, these provide a durable, premium feel that stands up to daily use.

Enhanced Typing Comfort with OSA Profile
The OSA profile is ergonomically designed to reduce finger fatigue and support a more natural hand position. Whether you're gaming, coding, or typing for hours, these keycaps offer a smooth, comfortable typing experience that enhances performance and comfort.

Sleek Blue and White Design for a Modern Look
Give your keyboard a sophisticated update with this minimalist blue and white color combination. These keycaps provide a clean aesthetic that complements any setup, allowing you to personalize your mechanical keyboard while keeping it visually appealing.

Wide Compatibility with Keychron Keyboards
This keycap set fits a broad range of Keychron keyboards, including: Q, Q Max, Q Pro, Q HE, V, V Max series, 81 Pro, Lemokey L1/L3/L4, P1 series, K2/K4/K6/K8/K10/K12/K14 series, C1/C2 series, and more. MX-style stems ensure a secure fit across supported models for seamless integration.
