Specifications

Overview:

Elevate your typing experience with the Keychron Cherry Profile Dolch Red Keycap Set, a full 143-key collection designed to enhance aesthetics and performance. Crafted from durable double-shot PBT plastic, this set ensures long-lasting legends and a textured, matte surface that resists shine over time. Designed in the popular Cherry profile, these keycaps offer a comfortable and responsive typing feel that appeals to mechanical keyboard enthusiasts, productivity professionals, and everyday users alike.

The Keychron Cherry Profile Dolch Red keycaps are fully compatible with most MX-style switches, making them ideal for custom mechanical keyboards or as an upgrade to existing Keychron models. With a rich assortment of colourways, the Dolche Red set brings a personal, stylish touch to your keyboard setup.

Whether you're a gamer seeking tactile consistency or a creative professional prioritising long-term durability, the Keychron Cherry Profile Dolch Red keycaps offer the perfect balance of visual appeal and everyday functionality. The full set also includes additional modifiers for Mac and Windows layouts, ensuring seamless adaptability across platforms.

Designed to inspire personal expression and elevate keyboard performance, this premium set delivers an exceptional blend of

form and function for discerning users.

Features:

- Cherry Profile Design delivers a sculpted, ergonomic typing experience with optimised key height and curvature
- Double-Shot PBT Construction: Durable legends that never fade, with a premium textured surface that resists shine
- Universal MX Switch Compatibility: Designed to fit all mechanical keyboards using MX-style switches
- Full 143-Key Layout Support: Includes a wide range of keycaps for ANSI layouts, ensuring full customisation for compact to full-size keyboards
- Mac & Windows Modifiers Included: Offers dedicated keycaps for both Mac and Windows layouts for seamless cross-platform usage
- Enhanced Typing Acoustics: Thickened 1.5mm PBT keycap delivers a deeper, more satisfying sound profile while typing
- Non-Backlit Legends: Crisp, high-contrast legends optimised for non-RGB or subtly lit keyboard setups
