PLD-QD

Microworld RJ9 cable telephone Plantronics

Product Overview

Microworld RJ9 cable telephone Plantronics, QD RJ9 cable, Max when straight 2.8 meters, Standard Plantronics connector

Specifications

Overview Summary:

The Microworld RJ9 Cable for Plantronics headsets is designed to deliver clear and uninterrupted communication for professional call centers and office environments. With a 2.8-meter length and durable construction, this cable ensures flexibility and long-lasting performance, supporting all-day use without compromising audio quality. Shop now to enhance your headset connectivity with a reliable, noise-reducing solution.

Its easy plug-and-play design with a QD RJ9 connector makes setup quick and seamless, while gold-plated terminals ensure consistent signal quality. Buy now to experience a practical, user-friendly cable that supports volume adjustment and microphone off functions for professional telecommunication setups.

Performance tier: Professional-grade

Uses: Call centers, telecommunication, office headset setups, customer service, continuous headset usage

Overview:

Microworld RJ9 Cable Telephone for Plantronics Headsets
Designed for professional call centers and telecommunication setups, the Microworld RJ9 Cable Telephone ensures seamless connectivity and reliable performance. Its high-quality construction delivers clear audio, reduces background noise, and maintains comfort during long hours of use.

Description:

This RJ9 cable is crafted for Plantronics headsets, offering a plug-and-play solution with a QD RJ9 connector. The cable is noise-reducing and durable, featuring gold-plated terminals for consistent contact and minimal interference. With a length of up to 2.8 meters, it provides flexibility for various workstation setups, while compatibility with standard Plantronics connectors ensures smooth integration. Ideal for professionals requiring clear communication, the cable supports microphone mute,

volume adjustment, and continuous 24-hour usage.

Features:

Durable and Reliable Design

- Constructed with ABS casing and high-quality PU wire
- Gold-plated terminals for stable and noise-free connectivity
- Low resistance cable suitable for long-term use

Optimized for Telecommunication

- Compatible with standard Plantronics headsets
- RJ9 QD plug allows quick and secure connection
- Ideal for call centers, offices, and customer service environments

User-Friendly Controls

- Supports volume adjustment for personalized audio levels
- Microphone off function for discreet communication
- Flexible length up to 2.8 meters for easy movement

Practical and Efficient

- Black color blends seamlessly with office setups
- Wired headset type ensures uninterrupted calls
- Perfect for continuous use in high-demand telecommunication settings
