Specifications

Overview:

The new generation MultiPad 2 ULTRA DUO 8.0 3G can provide you with much more than any other tablet. Sized to a comfortable 8-inch format that lets you watch movies and still fits in a bag, it also has IPS technology making the image remarkably crisp and bright. In addition, it is available in a classic black colour and a new option in white. Equipped with amazing graphics and 1GB of memory in combination with OpenGL technology and a 3D Accelerometer, you can watch full HD movies at 1080p quality with smooth playback and play the most dynamic games in 3D effect. To feel the action in all its power, this tablet also features a Dual Core processor providing fast performance and unlimited multitasking with more efficient battery usage.

Powered by Android 4.0 Ice Cream Sandwich, which you can upgrade to Android 4.1 Jelly Bean, you can enjoy your MultiPad with no limits. Capture those special moments with a 2.0MPx rear camera and then share bright and crisp photos on your social networks; stay in touch with your friends, family and business partners making free video calls with Skype; view and edit

Office documents right on your tablet with Office Suite Pro and discover the world of books with the Prestigio eReader app. These as well as many other apps are already preinstalled on your tablet for a perfect out of the box experience. To satisfy all your needs, you can access more than 700,000 apps from Google Play.

The Prestigio MultiPad 2 ULTRA DUO 8.0 3G also provides you with great opportunities to store all your media content. Featuring an internal space of 8GB you can easily expand it with an additional 32GB via the microSHDC/microSD memory card. But that is not all! You also get 5GB of cloud storage free with the preinstalled SugarSync application. Get more connectivity with the Prestigio MultiPad 2 ULTRA DUO 8.0 3G: mobile internet anywhere anytime with 3G; Bluetooth for fast data exchange, phone calls and messaging; webcam for video calls. When you are on the road this Prestigio MultiPad will show you the right way with built in GPS receiver and entertain you with FM-radio. All the features are enclosed in a modern design made of high quality build materials. With this MultiPad you also get a stylish leather carrying case for safe portability.

Features:

New Generation MultiPad
More functionality for more possibilities in more colour options - this is a new generation of MultiPads.

New Generation
The new generation MultiPad comes in a comfortable 8-inch format, features IPS technology and available in new color options. Portable yet spacious, you can comfortably enjoy movies on a large enough scale with resolution of 1024x768 pixels with 16 million colors as well as still fit it in the bag and carry it everywhere with you. Thanks to IPS technology, the picture is remarkably crisp, vivid and bright with an excellent contrast ratio and clear color distinction. It also provides a fast response time reducing motion blur for a smoother video. The display is framed in a sleek body available in two color options. Choose a classic black for business look or a popular white to add glamour.

Double Performance
A Dual Core processor ARM Cortex-A9 provides your MultiPad with a double boost, increasing the overall speed of processing and giving a higher performance at lower energy. That means a faster loading time and navigation, unlimited multitasking with no delay, with the ability to run fast-paced videos and complicated games smoothly.

Amazing graphics
The Prestigio MultiPad 2 ULTRA DUO 8.0 3G is also equipped with a Dual Core GPU and memory of 1GB, in combination with OpenGL technology and a 3D Accelerometer, it will provide you with a stunning video and gaming experience. Watch movies at Full HD 1080p quality with amazing clarity and smooth playback, as well as play the most dynamic games on your MultiPad in 3D. In addition it is compatible with the majority of text, image and video formats.

Higher Usability
Powered by Android 4.0 Ice Cream Sandwich, which you can upgrade to Android 4.1 Jelly Bean, this Multipad offers a better usability, easy multitasking, rich notifications, customisable home screens, resizable widgets, deep interactivity, powerful new ways of communicating and sharing. Already preinstalled with the most useful apps, many of which you will find on Google Play market in the category "Paid", Prestigio MultiPad is ready to use as soon as you take it out of the box. Among most popular applications, you will find there Office Suit Pro that enables you not only to view but also edit your office documents; eReader Prestigio will allow you to read exactly like you want to read with plenty of customizable settings and a choice of more than 270,000 eBooks in 22 languages; with SugarSync you will get 5GB cloud space to backup, sync files, share folders, and access your data directly from your Android device; Barcode Scanner to look up product prices, reviews and comparisons for smart shopping; and of course the most popular mobile game - Angry Birds - is already preinstalled!

Find more apps to suit all your needs on Google Play. Access more than 700,000 apps to listen to your favourite music, read fascinating books and magazines, watch new movies and popular TV shows, apply artistic effects to your photos, play games and much more.

Two Cameras

The MultiPad 2 ULTRA DUO 8.0 3G is equipped with 2 built-in cameras. The front webcam for making video calls comes with above the usual 0.3MPx. You also have a 2.0MPx rear camera to take remarkable photos of those special moments you want to remember. You can record HD videos too.

Make the Most of It
Take your entire media world with you - Movies, Music, Photo Gallery, eBooks, Data Files - with no shortage of space by expanding the 8GB of internal space by up to 32GB extra storage capacity via the additional micro SDHC/micro SD memory card and 5GB of cloud space via the preinstalled SugarSync application. Make yourself more comfortable when you are at home or at the office by using a Mouse or Keyboard connected to the MultiPad via the OTG cable. In the same way you can connect your USB memory stick for data transfer.

More Connectivity
Never miss an opportunity with the 3G feature, providing you with internet connection anywhere any time. Whether it's an important email to send, an online airport check-in or a Skype call with your business partner, you will always stay connected. Featuring Bluetooth, you can easily exchange data. With your SIM card, you will be also able to make phone calls and send messages. While on the road, Prestigio MultiPad will show you the right way with built -in GPS receiver and entertain you with FM-radio.

Ultra Modern Design
All the features are enclosed in an ultra-modern design made of high quality build materials. The device is available in two colours - Black or White. With this MultiPad you also get a stylish leather carrying case for safe portability.
