Specifications

Overview:

The Prestigio MultiPad Note 8.0 3G is a unique tablet specially designed to provide you with handwriting tools, converting it into an extraordinary notepad. Featuring an electromagnetic digitizer function, you can create a travel journal, write down a favourite recipe, take lecture notes, mark a business meeting in the calendar, draw and edit photos professionally.

Spacious yet portable, with its 8-inch screen you can watch movies comfortably and still easily fit it in your bag. An IPS display provides a remarkably crisp, vivid and bright view. Crystal clear images with a resolution of 1024x768 pixels and 16 million colours, full HD movies at 1080p quality with smooth playback and the most dynamic games in 3D effect - the best graphics are at your disposal thanks to Quad Core GPU and 1GB of memory. In combination with OpenGL technology and the 3D Accelerometer, it will make your digital world shift into reality. Connect it to your HD TV via the mini HDMI output for a spectacular cinematic view. To feel the action in all its power, this tablet also features a Dual Core processor with a speed of 1.6GHz providing fast performance and unlimited multitasking with more efficient battery usage.

Powered by Android 4.1 Jelly Bean, the fastest and smoothest version of Android yet, you get with your MultiPad a faster page loading, ultra-responsive touch screen, improved performance, efficient battery usage and new features of the latest Android OS. Capture special moments with a 5.0MPx rear camera with autofocus and then share bright and crisp photos to your social networks; stay in touch with your friends, family and business partners making free video calls with Skype; view and edit Office documents right on your tablet with Office Suite Pro and discover the world of books with eReader Prestigio app - all, as well as many other apps, are already preinstalled on your tablet for out of the box experience. To satisfy all your needs, connect to a 3G mobile internet and access thousands of apps from Google Play.

This Prestigio MultiPad also provides you with great opportunities to store all your media content. Featuring an internal storage space of 16GB you can easily expand it with an additional 32GB via the micro SHDC /micro SD memory card. But that is not all! You also get 5GB of cloud storage free with the preinstalled SugarSync application. Ultra long battery life of 6000mAh and high speed mobile internet access will provide you with extra mobility and allow you to stay connected when you need to. All these features are enclosed in a modern design made of high quality build materials including a Smart Case that wakes and sleeps your tablet and a Stylus.

Features:

Take Notes
Take a stylus in your hand and let your ideas flow freely - create a travel journal, write down a favourite recipe, take lecture notes, mark a business meeting in the calendar, draw and edit photos professionally - your tablet is easily converted into a notepad with the electromagnetic digitizer function and the preinstalled handwriting applications such as SNote and Email.

Email
Enjoy your personal and corporate emails within a single application and add handwriting, drawings and pictures to your emails on the fly!

Smart Note
Create handwriting notes, add drawings and images from your camera, synchronize with Evernote, share your notes with your friends and colleagues - have access to all of your digital notes wherever you go!

Crystal Clear
The Prestigio MultiPad Note 3G features a portable yet spacious 8-inch capacitive multi touch screen, so you can comfortably enjoy movies on a large enough scale with a resolution of 1024x768 pixels with 16 million colours as well as still fit it in your bag and carry it everywhere with you. IPS technology makes the picture remarkably crisp, vivid and bright with an excellent contrast ratio and clear colour distinction and provides a fast response time, reducing motion blur for a smoother video.

Double Performance
A Dual Core processor ARM Cortex-A9 with a frequency of 1.6GHz provides your MultiPad with a double boost, increasing overall speed of processing and giving a higher performance at lower energy. That means a faster loading time and navigation, unlimited multitasking with no delay and the ability for fast-paced videos and complicated games to run smoothly.

Best Graphics
This Prestigio MultiPad is equipped with a Quad Core GPU and a memory of 1GB, in combination with OpenGL technology and 3D Accelerometer which will make your digital world shift into reality. Enjoy a stunning video and gaming experience - watch movies at Full HD 1080p quality with amazing clarity and smooth playback, as well as play the most dynamic games on your MultiPad in 3D. For those of you who need a superior view - connect the tablet via the mini HDMI port to your TV and enjoy a HD Cinema experience from your MultiPad right there on your extra-large screen.

Android 4.1 Preinstalled
Android 4.1 Jelly Bean is the fastest and smoothest version of Android yet and you have it preinstalled on your Prestigio MultiPad Note 8.0 3G. Enjoy faster page loading, an ultra-responsive touch screen, improved performance, efficient battery usage and all the new features of the latest Android OS. Find more apps to suit all your needs on Google Play. Access more than 600,000 apps to listen to your favourite music, read fascinating books and magazines, watch new movies and popular TV shows, apply artistic effects to your photos, play games and much more.

5.0MP Camera
With a 5.0MP rear camera, you will never miss a thing. You can take remarkable photos of those special moments you want to cherish with autofocus technology and flash. You can record HD videos too.

More Space - More Opportunities
With this Prestigio MultiPad you get 16GB of internal storage space so you can take your entire media world with you - Movies, Music, Photo Gallery, eBooks, Data Files - with no shortage of space. What's more, you can also expand it by up to 32GB extra storage capacity via the additional micro SDHC/micro SD memory card and 5GB of cloud space via the preinstalled SugarSync application. Make yourself more comfortable when you're at home or at the office with the use of a Mouse or a Keyboard connected to the MultiPad via OTG cable. You can connect your USB memory stick for data transfer in the same way.

Always connected with 3G
You'll never miss an opportunity with the 3G feature providing internet connection anywhere any time. Whether it's an important email to send, online airport check-in or a Skype call with your business partner, you will always stay connected.

Ultra Long Battery Life
A powerful battery of 6000mAh now works more efficiently because of the dual core technology and provides you with longer working hours with lower energy consumption: up to 120 hours standby time, 36 hours audio and 7 hours video playback time. Despite the high battery capacity, the tablet is still extra light and slim.

Smart Case
All these features are enclosed in a modern design made of high quality build materials. The Prestigio MultiPad Note 8.0 3G comes with a Smart Case that either wakes or rests your tablet depending on whether it is opened or closed. A stylish stylus is also included and can be kept in the slot of the case for your convenience.
