Overview Summary

HP FK182AA Heavy Duty Cash Drawer

The HP FK182AA Heavy Duty Cash Drawer is designed to provide secure and efficient cash handling for modern point of sale systems. Its robust steel construction and professional grade internal components make it suitable for high transaction retail stores, supermarkets, restaurants, pharmacies, and hospitality businesses that require dependable daily performance.

This HP cash drawer features a compact footprint while maintaining a full sized till insert for organized storage of notes, coins, packaged currency, and transaction media. The automated drawer operation and secure lock system help improve workflow efficiency and reduce cash handling risks in busy commercial environments.

The drawer is compatible with selected HP POS systems and HP POS printers, making it a practical addition to professional retail setups. With industrial ball bearing slides and a tested lifecycle of up to 4 million cycles, the FK182AA is built for demanding business operations.

Performance tier: Enterprise retail grade

Uses: Retail stores, supermarkets, hospitality businesses, pharmacies, restaurants, point of sale systems, cashier stations

Description

The HP FK182AA Heavy Duty Cash Drawer is developed for businesses that require secure and dependable cash

management at the point of sale. Its heavy duty steel chassis is engineered for long service life in demanding retail and hospitality environments where the cash drawer is used continuously throughout the day.

The drawer features industrial grade ball bearing slides that provide smooth opening and closing performance while supporting durability under repeated daily use. The full sized till insert allows organized storage for notes, coins, packaged currency, and transaction slips, helping cashiers work more efficiently during busy operating periods.

Its narrow footprint design helps conserve valuable counter space while maintaining high storage capacity internally. The integrated lock system supports improved security with multiple lock positions for operational flexibility and controlled cash access.

The HP FK182AA is compatible with selected HP POS systems and HP POS printers using the included interface cable. It is suitable for retail stores, restaurants, pharmacies, supermarkets, fuel stations, and hospitality businesses that require professional grade POS hardware for secure daily operation.
