Specifications

About this product

The Canon MP-1211-LTSC is a professional 12-digit printing calculator designed for fast tax, cost, sales, and margin calculations with a reliable ink ribbon system. Built for office and retail environments, it delivers clear two colour printing and advanced business functions including cash change and currency conversion. Buy now for efficient financial processing and improve daily accounting speed in your business operations.

Overview Summary

Canon MP-1211-LTSC Printing Calculator is a heavy duty desktop calculator built for business, accounting, and retail environments. It features a 12 digit display and fast ink ribbon printing for accurate record keeping and transaction tracking.

The device supports essential business functions including tax calculation, cost sell margin analysis, and cash change computation. Its two colour printing system improves readability by separating positive and negative values clearly, making financial review faster and more accurate.

Designed for efficiency, it includes a large display, responsive keyboard, and stable AC power operation. This makes it suitable for continuous office use where speed and reliability are important.

Performance tier: Professional office

Uses: Accounting, retail billing, tax calculation, financial reporting, bookkeeping, office administration

Overview

Benefit from full tax, business and currency conversion functions with this 12-digit calculator. It features 2-colour ink ribbon printing, a large 2-colour display and a smart, silver metallic finish.

Description

ComX Computers

Product Specification Sheet

The Canon MP-1211-LTSC is a robust printing calculator engineered for professional business use where speed, accuracy, and durability are essential. It combines a clear 12 digit display with a two colour ink ribbon printer that produces easy to read output for financial records and transaction logs.

With integrated business functions such as tax keys, cost sell margin calculation, and cash change functionality, this calculator simplifies complex financial tasks. It is designed to reduce manual errors and improve productivity in accounting and retail environments.

The ergonomic keyboard layout and stable AC powered operation make it suitable for long hours of continuous use in offices, shops, and administrative settings.

Features

- 12 digit large display for clear numerical input and results
- Two colour ink ribbon printing for easy differentiation of values
- Tax, cost, sell, and margin calculation functions for business use
- Cash change function for retail transaction accuracy
- Currency conversion support for flexible financial operations
- Fast printing speed for improved workflow efficiency
- Ergonomic keyboard layout for comfortable extended use
- AC powered design for stable continuous operation

12-digit, 2-colour printing with tax, business and currency conversion functions

Benefit from full tax, business and currency conversion functions with this 12-digit calculator. It features 2-colour ink ribbon printing, a large 2-colour display and a smart, silver metallic finish.

Productive 2-colour printing

This high grade 12-digit calculator is ideal for heavy-duty, professional office use. A productive print speed of 4.3 lines per second speeds up your workflow. 2-colour printing ensures positive figures stand out clearly in black and negative in red.

Tax, business and currency conversion functions

Simplify complex calculations and save time. Determine tax rate differentials at touch, thanks to two handy tax calculation keys. Work out your profit margins automatically with cost-sell-margin keys, without the need for complex formulae. Also convert local currency into the currency of your choice, or vice versa, quickly and simply - using the currency conversion keys.

Full functionality

Take advantage of fast and accurate cash change calculations and constant calculations. The 'command sign' feature displays the calculator status automatically. Separate slide switch selectors for decimal, rounding, grand total and item count add to ease and overall functionality.

Large, 2-colour backlit display

The large backlit LCD display offers high contrast and glare-free illumination for easy reading of figures at a glance. Large, legible Pure Green characters - shown against a black background - provide comfortable viewing even with constant use. Negative figures and errors are clearly shown in red.

Spacious keyboard layout

A spacious keyboard layout with large, durable colour-coded keys ensures fast, easy and virtually error-free entry of figures. Designed for effortless and reliable heavy-duty use, the calculator connects to standard AC mains power.

Stylish silver metallic finish

With its silver metallic finish and stylish, compact design the smart MP1211-LTSC brings a touch of sophistication to your office surroundings.

What's in the Box

- Canon MP-1211-LTSC printing calculator
