HP J8026A Jetdirect 2700w USB Wireless Printer Server

Product Overview

HP J8026A Jetdirect 2700w USB Wireless Printer Server; wireless print server; 802.11b/g/n Wi-Fi; USB 2.0; external print server; up to 61m range; USB powered; WPA/WPA2 security; IPv4/IPv6 support; 57 x 130 x 37mm; 0.051kg

Specifications

About this product

The HP Jetdirect 2700w USB Wireless Printer Server (J8026A) adds wireless networking capability to compatible HP printers and multifunction devices through a USB 2.0 connection. Supporting IEEE 802.11b/g/n wireless standards, enterprise-class security, and mobile printing functionality, it helps place printers where they are needed without network cabling. Buy now from our website for reliable wireless printing and quick delivery in South Africa.

Overview Summary

HP Jetdirect 2700w USB Wireless Printer Server J8026A

The HP Jetdirect 2700w USB Wireless Printer Server is designed to convert compatible HP USB-connected printers and multifunction printers into wireless printing devices. With support for 802.11b/g/n wireless networking, it provides flexible printer placement while maintaining reliable connectivity and secure network communication.

This compact external print server connects directly to a supported printer through a USB 2.0 interface and draws power from the connected device. It supports a wide range of operating systems and enterprise environments, making it suitable for offices, educational institutions, and business environments that require wireless printer access.

Performance tier: Business Wireless Print Server

Uses: Wireless printer networking, office printing, shared printer access, mobile printing, enterprise printing environments

Overview

Stay productive and connected on the go with HP ePrint mobile printing. The HP Jetdirect 2700w USB Wireless Print Server enables you to make printing devices wireless, so you can locate printers and MFPs wherever you need them.

Description

The HP Jetdirect 2700w USB Wireless Printer Server provides a simple and effective way to add wireless connectivity to supported HP printers and multifunction devices. By connecting directly to the printer's USB port, the unit enables wireless communication across an existing network without requiring additional network cabling.

Designed for business and professional environments, the device supports IEEE 802.11b/g/n wireless standards and offers strong security features including WPA, WPA2, SSL/TLS, IPsec, SNMPv3, and 802.1x authentication support. This helps protect print traffic while allowing convenient access to shared printing resources.

The compact external design draws power directly from the connected printer through USB, eliminating the need for a separate power adapter. Support for Windows, Mac OS, Linux, Citrix, HP-UX, Solaris, and other enterprise operating systems makes deployment straightforward in mixed IT environments.

The Jetdirect 2700w also supports mobile printing functionality on compatible HP ePrint-enabled devices, helping users print documents, emails, and business materials from supported mobile platforms and remote locations.

Features

The HP Jetdirect 2700w delivers wireless printer connectivity while maintaining business-class security and management capabilities.

- Adds wireless networking to compatible HP USB printers and MFPs
- Supports IEEE 802.11b/g/n wireless standards
- Hi-Speed USB 2.0 printer connection
- External print server design
- USB-powered operation with no external power supply required
- Enterprise-grade wireless security features
- Supports WPA and WPA2 authentication
- Supports SSL/TLS and IPsec security protocols
- Compatible with multiple enterprise operating systems
- Supports mobile printing functionality on compatible devices
- Compact and lightweight design
- Flexible printer placement without network cabling
- Supports IPv4 and IPv6 networking
- Easy deployment in office environments

What's in the Box

- HP Jetdirect 2700w USB Wireless Print Server
- Installation and documentation CD
- Installation poster
- Warranty documentation

Specifications

Power consumption	1.8 watts maximum
Power supply type	External (powered by USB connected host)
Connectivity range	Up to ~61 m
Connectivity, standard	Wireless 802.11b/g/n; Hi-Speed USB 2.0
Ports	1 Hi-Speed USB 2.0

Compatible Network Operating Systems	Microsoft Windows 7; Windows Vista, Vista 64-bit, Windows XP, XP 64-bit, Windows Server 2008, 2008 64-bit, 2003, 2003 64-bit; Mac OS X v10.2, v10.3, v10.4 or higher, Novell 5.1 or higher, Red Hat Linux 7.x or higher, SUSE Linux 8.x or higher, HP-UX 10.20, 11.x, 11.i, Solaris 2.5 or higher (SPARC systems only), IBM AIX 3.2.5 or higher 1, MPE-iX, Citrix Presentation Server, Windows Terminal Services
Security management	Same security protocols as Printer/MFP that 2700w is connected to.
Compatible Operating Systems	Microsoft Windows 7; Windows Vista, Vista 64-bit, Windows XP, XP 64-bit, Windows Server 2008, 2008 64-bit, 2003, 2003 64-bit; Mac OS X v10.2, v10.3, v10.4 or higher, Novell 5.1 or higher, Red Hat Linux 7.x or higher, SUSE Linux 8.x or higher, HP-UX 10.20, 11.x, 11.i, Solaris 2.5 or higher (SPARC systems only), IBM AIX 3.2.5 or higher 1, MPE-iX, Citrix Presentation Server, Windows Terminal Services
Software included	Software/documentation available on hp.com
Operating temperature range	0 to 50ºC
Non-Operating Humidity Range	15 to 95% RH
Operating humidity range	15 to 95% RH
Storage temperature range	-40 to 70ºC
Electromagnetic compatibility	FCC CFR 47 Part 15 Class-B/ ICES-003 Issue 4: 2004, EN 301 489-17, EN55022, EN 55024, EN 61000-3-2, EN 61000-3-3
Safety	Complies with EN 55022: 2006, EN 55024: 1998+A1, A2, EN 301 489-1 V1.4.1 (2005), EN 301 489-17 V1.2.1 (2005), FCC Part 15, Class B ICES-003 CNS 13438, Class B CNSPR 22: 1997
Telecom compliance (fax capability)	FCC 15.247; EN 300-328 V1.7.1 (2004-11)
Dimensions (W x D x H)	57 x 130 x 37 mm
Package dimensions (W x D x H)	153 x 223 x 57 mm
Weight	0.051 kg
Package weight	0.19 kg
Browser supported	Internet Explorer 6.0 or higher; Mozilla 2.x or higher; Firefox 2.x or higher; Safari; Chrome
What's in the box	HP Jetdirect 2700w Print Server; Installation and documentation CD; Installation Poster; Warranty cards

FAQ

What does the HP Jetdirect 2700w do?

The HP Jetdirect 2700w adds wireless networking functionality to compatible HP USB printers and multifunction devices, allowing them to connect to a wireless network.

Does the HP Jetdirect 2700w require an external power adapter?

No. The device is powered through the USB connection from the compatible printer or multifunction device.

Is the HP Jetdirect 2700w compatible with all printers?

No. The device is designed for specific compatible HP printers and multifunction printers. Compatibility should be verified before purchase.

What wireless standards are supported?

The device supports IEEE 802.11b, 802.11g, and 802.11n wireless networking standards.

Can multiple users access the printer over the network?

Yes. Once connected to the wireless network, authorized users can access the printer according to network and printer permissions.

Does the device support secure wireless printing?

Yes. The Jetdirect 2700w supports WPA, WPA2, SSL/TLS, IPsec, SNMPv3, and 802.1x security technologies for protected network communication.

Is this suitable for office environments?

Yes. Its enterprise security features, broad operating system support, and wireless deployment flexibility make it suitable for business and office use.
