Specifications

Overview:

The C831 is the ideal A3/A4 colour printer for small to medium businesses or workgroups looking for fast, high quality, high volume, print on demand capabilities, in-house. With fast print speeds and high capacity toners, you can rely on this device to deliver on your day-to-day business printing needs.

Fast, robust and superb colour print quality
The C831 is built on tried and tested LED technology that your business can rely on to deliver over and over again, supported by a 3 year warranty.

Outstanding A4 print speeds of up to 35ppm in high definition colour
A range of energy and cost saving functions to reduce your total cost of ownership, improving efficiency and productivity
PCL and PostScript printer languages to support all your office and graphics applications
ProQ2400 Multi-level output quality, 1200 x 600dpi print resolution and Photo Enhance setting guarantee sharp, clear and vibrant photo-like pictures

Excellent media flexibility to support your business
The C831 provides complete flexibility, enabling users to print on a wide range of media sizes, formats and paper weights:

- Print on paper sizes from A6 to A3
- Produce banners of up to 1321mm in length
- Standard 400 sheet paper capacity expands to 1, 990 sheets
- Print on paper weights of up to 256gsm

Features:

Excellent colour made easy
You don't need any special skills or training to get the best out of your C831. It has ProQ2400 Multi-level output quality with 2400 x 600dpi print resolution for smoother shades, there's a Photo Enhance setting for printing sharp, photo-like pictures, and support for PCL and PostScript emulations for when you're working with graphics files and applications.

Rapid print speeds
Thanks to a flat paper path, fast processing speeds and low temperature fusing the C831 delivers A4 documents at speeds of up to 35 pages per minute (ppm) and A3 documents up to 20ppm in both colour and mono. And that's not all. It's powerful 800MHz processor, 256MB RAM (expandable to 768MB) and PCL/PostScript3 emulations make working with large and complex documents as easily as small and simple ones. An optional 16GB SDHC memory card accommodates forms and font storage for improved efficiency and enables confidential documents to be encrypted and stored for maximum security. The printers numeric keypad makes secure document retrieval quick and easy.

Versatile media handling
Your team can do so much more with the C831. Documents can be any size from A6 postcards, right the way up to A3 and beyond to 1321mm banners. It handles paper weights from as light as 64 to as heavy as 256gsm, and it has a standard 400-sheet paper capacity that can be expanded 1, 990 sheets for more printing with fewer interruptions.

Support your environmental objectives
The C831dn and C831cdtn come with automatic two-sided printing as standard (optional on the C831n), helping people to reduce paper usage and saves money. Long life drums and toner cartridges which last up to 10, 000 pages each, mean less waste and packaging. Deep Sleep mode - reduces energy consumption to less than 1W and Auto-Off mode automatically powers off the device after extended periods of non-usage.

Smart Solutions
A range of software utilities are available to help you to print in an efficient, productive and professional manner, improving your business presentation and versatility through superior print management and output

- Template Manager - allows you to create and print your professional documents in-house, such as business cards, leaflets, CD labels, point of sale items, banners and posters
- Print Job Accounting allows you to monitor and control your print costs and usage.
- PrintSuperVision enables monitoring, reporting and managing networked printers in real-time
- Colour Access Policy Manager (CAPM) - controls and monitors user access rights
- Optional Print Release Function - manage and control printer usage via a smart card reader, ideal for communal printing areas
- Secure Print - enables PIN number protected printing of confidential documents stored in the optional SDHC card using the numeric keypad. In addition, an optional interface allows you to connect to Secure Print release card solution, making it possible for you to manage printing within your organisation through the use of smart cards which are swiped by a user to release their print job
- Mobile Printing -using readily available software and apps, such as ePrint, and Cortado Workplace, you can now print directly from your iPad, iPhone or smartphone to our range of high definition printing devices; great for printing documents wherever you are without the need to connect to a PC or Mac
