## Specifications

**Overview:**

The C824dn warms up almost instantly and conserves energy thanks to OKI's innovative fusing technology, saving time and increasing efficiency, making it the perfect choice for any busy business or workgroup. Print marketing materials and retail signage in-house, thanks to outstanding print quality and media flexibility. Part of the award winning C800 printer series, the C824dn can handle all your printing needs including business cards, pre-cut media, posters, and banners up to 1.3m long. Combining unrivalled media flexibility, ultra reliability, and OKI's pioneering digital LED technology, this productivity boosting device is perfect for creating professional quality customer facing collateral, as well as day-to-day office documents, in-house, on demand.

**Features:**

**Fast, robust and superb colour print quality**
The C824dn is built on tried and tested LED technology that your business can rely on to deliver over and over again.

- First page out as fast as 8.5 seconds
- A4 print speeds of up to 26ppm in high definition colour
- Tap your NFC enabled mobile device to the printer and print - no network needed
- AirPrint and Google Cloud Print 2.0 ready for printing on the go
- PCL printer language to support the production of all your office documents
- ProQ2400 Multi-level output quality, 1200 x 600dpi print resolution
- LED technology means no moving parts for a longer life

**Unrivalled media flexibility**
The C824dn provides complete flexibility, enabling users to print on a wide range of media sizes, formats and paper weights:

- Print on paper sizes from A6 to A3
- Produce banners of up to 1321mm in length
- 55mm minimum paper width from the Multi-purpose tray
- Standard 400 sheet 80gsm paper capacity expands to 2540 capacity with optional trays
- Print on paper weights of up to 256gsm

**Google Cloud Print**

Google has developed a cloud printing service called Google Cloud Print that enables users to print on the go from a smartphone or computer using Google Cloud Print enabled apps. All you need is a compatible device and an OKI printer that is Google Cloud Print Ready. With Google Cloud Print, you can print any document from anywhere to your Google Cloud Print connected printer. When you print using Google Cloud Print your file is securely transferred over the internet to your printer. So whether you are in the same room, or even in a different country, you can print whatever you want using any device such as a smartphone, tablet PC or desktop computer.

- Print from anywhere: connect a printer to your Google Account within seconds and start printing immediately.
- Print anything: any web-connected device can use Google Cloud Print
- Share and manage printers: manage your printers and printing jobs, and share printers securely from your Google Account. Use Google Cloud Print to complement or replace your organization's printing infrastructure.
- Safe and secure: your documents are deleted from Google's servers once printing is complete
