Specifications

Overview Summary:

The Posiflex PS-3216 15.6" PCAP touch POS terminal combines sleek design with high-performance functionality for retail and hospitality businesses across South Africa. Its true-flat touchscreen with multi-touch support ensures smooth navigation, while the fan-free, low-noise design provides reliable operation in busy environments. Shop now to streamline transactions and enhance your customer experience.

Built with a Rockchip RK3399 processor, 4GB RAM, and 32GB eMMC storage, this Android-based POS terminal offers responsive performance for various point-of-sale applications. Adjustable positioning and organized connectivity make it easy to integrate with peripherals, helping your business stay efficient. Buy now to upgrade your workspace with a compact, versatile POS solution.

Performance tier:High-performance

Uses:Retail POS, Restaurant POS, Hospitality service, Ticketing, Customer checkout

Overview:

Posiflex PS-3216 15.6" PCAP Touch POS Terminal

Overview of PS-3216A Touch Base Unit:

The Posiflex PS-3216A is a versatile 15.6-inch PCAP touch terminal designed for modern retail and hospitality environments. Its sleek, true-flat touchscreen and fan-free design make it ideal for high-traffic locations where reliability and user experience matter. Powered by the Rockchip RK3399 CPU, it delivers smooth performance for Android-based applications.

Key Highlights:

- 15.6-inch True Flat PCAP multi-touch display
- Fan-free, low-noise operation
- Adjustable foldable base for flexible positioning
- High-performance Rockchip RK3399 processor

Features:

Slim, Flexible Design for Any Workspace

The PS-3216A combines a slim profile with a foldable base, allowing users to adjust the screen height and angle easily. Its space-saving design is perfect for countertops, kiosks, and other compact workspaces, ensuring both functionality and a clean aesthetic.

Organized and Expandable Connectivity

Managing peripherals is simple with the PS-3216A. All ports, including serial, USB, HDMI, LAN, and CR connections, are neatly positioned for easy access. This organized layout ensures tidy cabling while supporting a variety of external devices for complete POS functionality.
