Overview:

Patriot Xporter X550 128GB USB 3.2 Flash Drive - Dual Interface, High-Speed Data Transfer

In today's fast-paced digital world, having a reliable, high-performance flash drive is essential. The Patriot Xporter X550 128GB USB flash drive offers seamless file transfers and is designed for both modern and legacy devices. With its dual USB Type-C and USB Type-A connectors, this compact drive ensures that you are always ready, whether you're at work, at home, or on the go.

Description:

The Patriot Xporter X550 is an ultra-portable and high-speed USB 3.2 Gen 1 flash drive that works across a variety of devices and operating systems. Its dual interface provides quick connections to both USB Type-C and USB Type-A ports, ensuring compatibility with a wide range of devices. With read speeds of up to 80MB/s, this drive is perfect for transferring large files efficiently. Its lightweight and durable design, paired with broad compatibility, makes it the ideal storage solution for users who demand performance and convenience.

Features:

Dual Interface for Maximum Compatibility

One of the standout features of the Patriot Xporter X550 is its dual-interface design. It comes equipped with both USB Type-C and traditional USB Type-A connectors. This means you can connect to the latest smartphones, tablets, and laptops with USB-C ports, as well as older devices with USB-A ports. This versatile design eliminates the need for additional adapters and makes it the perfect storage solution for a variety of devices.

Fast Data Transfers with USB 3.2 Gen 1

With USB 3.2 Gen 1 technology, the Xporter X550 offers read speeds up to 80MB/s, enabling quick and efficient data transfer. Whether you're moving large media files, critical project documents, or personal photos, this flash drive ensures fast and seamless performance. Its speed ensures that you spend less time waiting and more time focusing on your tasks.

Compact and Durable Design

Designed with portability in mind, the Patriot Xporter X550 measures just 6.8 x 1.9 x 1 cm and weighs only 10g. Its lightweight build makes it easy to carry in your pocket, wallet, or bag without adding bulk. The swing-type mechanism provides extra protection for the connectors, keeping them safe from dust and damage when not in use. This ensures that the drive remains durable and reliable for years of use.
