Features:

Key Benefits of the Patriot Xporter X550 USB Flash Drive

Dual USB Type-C and Type-A Interface for Maximum Compatibility

The Xporter X550 eliminates the need for additional adapters with its dual USB interface. The Type-C connector works with newer devices like laptops, smartphones, and tablets, while the Type-A connector allows compatibility with older systems, including computers and media players. This flexibility makes it the perfect storage solution for users with a range of devices.

Faster Transfers with USB 3.2 Gen 1 Technology

With USB 3.2 Gen 1 technology, the Xporter X550 boasts read speeds up to 80MB/s. This ensures quick transfer of even large files, minimizing downtime and enhancing productivity. Whether you're moving documents, images, or videos, the drive ensures you spend less time waiting and more time working.

Compact, Durable Design for Portability

Weighing just 10g and measuring 6.8 x 1.9 x 1 cm, the Xporter X550 is designed to be ultra-portable. Its lightweight construction means you can easily carry it in your pocket, wallet, or bag. Additionally, the swing-type design protects the connectors from dust and damage, ensuring your drive remains reliable and functional for years.

Wide Operating System Compatibility
