

Perf V39II

Epson Perfection V39ii Photo and Document A4 Flatbed Scanner

Product Overview

Epson Perfection V39ii Photo and Document A4 Flatbed Scanner, 4800 x 4800 dpi Optical Resolution, 216 mm x 297 mm scanning range (Maximum), A4 Paper formats, CIS (Contact image Sensor), White LED light source, 50 - 6400 dpi Output Resolution, USB 2.0

Specifications

Overview Summary:

The Epson Perfection V39II A4 flatbed scanner delivers reliable, high-resolution scanning for both photos and documents. With an optical resolution of up to 4800 dpi and Epson ReadyScan LED technology, it produces sharp digital copies instantly without warm-up time. Its ultra-compact design, powered directly through a Micro USB connection, keeps your workspace clean while the integrated stand allows convenient upright scanning to save desk space.

Four one-touch buttons make everyday scanning tasks simple, allowing you to quickly scan, copy, send or create searchable PDFs. Built-in image enhancement software helps restore faded photos, remove dust and improve document clarity, making it ideal for archiving family photos, digitising paperwork or managing office records. If you need a compact, dependable scanner for home or office use in South Africa, the Epson Perfection V39II is a practical choice-buy now and streamline your scanning tasks.

Performance tier:Entry to Mid-range

Uses:photo scanning, document digitisation, archiving old photos, scanning paperwork, creating searchable PDFs, home office document management

Overview:

Epson Perfection V39II A4 Flatbed Scanner

The Epson Perfection V39II is a compact, high-resolution flatbed scanner designed for both home and office use. With an optical resolution of 4800 x 4800 dpi, it delivers sharp, detailed scans for photos and documents alike. Its USB-powered design eliminates the need for an external power supply, helping reduce cable clutter while keeping setup simple. An integrated stand allows for upright positioning, saving valuable desk space. Combined with intuitive one-touch controls and smart image

enhancement software, this scanner provides a streamlined and efficient scanning experience.

Description:

The Epson Perfection V39II (Part Number: Perf V39II) offers reliable, high-quality scanning in a slim and space-saving form factor. It is engineered for users who need consistent results when digitising photos, documents, or archives. The built-in CIS sensor and LED light source ensure fast start-up with no warm-up time, while advanced software tools enhance image clarity, restore faded colours, and remove dust. With direct scan-to-cloud functionality and support for searchable PDFs, it simplifies document management and sharing, making it suitable for both personal and professional workflows.

Features:

Compact Design and Clean Setup

The scanner uses a single Micro USB connection for both power and data, reducing cable clutter and making installation straightforward. Its lightweight build and integrated stand allow flexible placement, whether flat on a desk or upright to maximise workspace efficiency.

High-Quality Scanning Performance

With a 4800 dpi optical resolution, the device captures fine detail in photos and crisp text in documents. Epson ReadyScan LED technology enables immediate scanning without delay, improving productivity. Image correction tools help enhance older photos by restoring colour, removing dust, and correcting lighting issues.

Simple Operation with Smart Controls

Four one-touch buttons provide quick access to commonly used functions such as scan, copy, send, and PDF creation. Users can easily convert documents into multi-page searchable PDFs, reducing manual processing time. The detachable lid also allows scanning of thicker materials like books and albums.

Flexible Sharing and File Handling

The V39II supports scanning directly to cloud services and photo-sharing platforms, enabling efficient distribution of files. It supports a wide range of output formats, ensuring compatibility with various workflows and applications.

Key Technical Details

- Optical resolution: 4800 x 4800 dpi for high-detail scanning
- Scan area: up to 216 mm x 297 mm (A4)
- Sensor type: CIS (Contact Image Sensor)
- Light source: White LED with no warm-up time
- Output resolution range: 50 to 6400 dpi
- Colour depth: 48-bit input, 24-bit output

Performance and Speed

- A4 preview scan: approximately 10 seconds per page
- 300 dpi scanning: 10 seconds per page (mono and colour)
- 600 dpi scanning: 12 seconds mono, 29 seconds colour

Supported Formats and Enhancements

- File formats: BMP, JPEG, TIFF, multi-TIFF, PDF, searchable PDF
- Image improvements: dust removal, colour restoration, backlight correction
- Document enhancements: text sharpening and bleed-through removal

Connectivity and Compatibility

- Interface: USB 2.0 Micro-AB
- Compatible with Windows and macOS systems across multiple versions

ComX Computers

Product Specification Sheet

- Includes software such as Epson ScanSmart, Epson Easy Photo Scan, and document capture utilities

Physical Specifications

- Dimensions: 249 x 364 x 39 mm
- Weight: 1.5 kg
- Energy consumption: 2.5 W in operation, 1.1 W in ready mode

Box Contents

- Main unit
- USB cable
- Setup guide
- Driver and utilities CD
- User manual CD

The Epson Perfection V39II (Perf V39II) is a practical solution for users needing high-resolution scanning in a compact, efficient device, balancing performance with ease of use.
