The VITURE Pro Neckband (12GB RAM + 256GB storage) redefines wearable computing with powerful performance in a sleek, translucent design. Built for entertainment, gaming, and work on the go, it supports 90Hz visuals, 3DoF tracking, and multi-screen capabilities. Its advanced USB-C and Bluetooth connectivity make it ideal for use with VITURE XR Glasses,

creating a truly immersive mixed-reality experience. With up to four hours of battery life, this neckband is your gateway to smart, portable productivity and endless entertainment. Shop now in South Africa to experience cutting-edge XR performance wherever you go.

Performance tier: Premium

Uses: Cloud gaming, virtual workspaces, immersive movie streaming, XR interaction, portable entertainment

Overview:

VITURE Pro Neckband (12GB RAM + 256GB Storage)
Sleek, smart, and game-changing - the VITURE Pro Neckband introduces a new translucent design with advanced upgrades for an enhanced mixed-reality experience. With AI assistance, hand gesture controls, 3D playback, and multi-screen functionality, it's built for those who want seamless entertainment, gaming, and productivity anywhere.

Description:

The VITURE Pro Neckband combines high performance with comfort, delivering 12GB RAM and 256GB of storage in a lightweight, wearable design. It supports USB-C and Bluetooth connectivity, offering up to four hours of battery life. Ideal for streaming, cloud gaming, remote play, or work, it connects effortlessly with VITURE Luma Pro and Luma Ultra XR Glasses to create a powerful portable computing ecosystem.

Features:

Design and Performance
The translucent Pro Neckband brings a refined look and superior performance in one compact form. Its 90Hz video output and 3DoF motion tracking ensure smooth visuals and responsive interaction, whether you're gaming, watching movies, or multitasking on multiple virtual screens.

Next-Level Connectivity
With USB-C display support and Bluetooth connectivity, the device integrates easily into your tech setup. It pairs perfectly with VITURE XR Glasses, enabling immersive 3D visuals (3840x1080 native SBS resolution) and intuitive hand gesture interaction for a truly hands-free experience.

Optimized for Entertainment and Work
Enjoy lag-free remote gaming by connecting to your home console or PC, or stream your favorite movies in high resolution from anywhere with Wi-Fi. The Neckband is also perfect for productivity, supporting multi-screen use so you can manage entertainment and tasks simultaneously.

Smart Integration with VITURE XR Ecosystem
Designed to work seamlessly with VITURE Luma Pro and Luma Ultra XR Glasses, the Neckband transforms your wearable display into a complete multimedia hub. Combined with VITURE's AI assistant and 3D Player, it delivers a rich, flexible experience across entertainment, gaming, and professional applications.

Easy Connection and Expansion
The included magnetic connector and USB-C adapter make setup effortless. The Neckband connects directly to VITURE XR Glasses, compatible with models like VITURE One Lite, VITURE Luma, and VITURE Beast. It also supports dual-glasses connections through the Mobile Dock, allowing shared viewing or collaborative work sessions.

Package Contents
