Specifications

Features:

- Maximize performance of HP Business PCs and meet your storage demands with high-capacity drives.
- Get next-generation technology with increased system cooling airflow, added bandwidth and overall data integrity. Increase your data transfer rates up to 6 Gb per second, doubling your interface speed over SATA 3.0-Gb/s Hard Drives.
- Take advantage of Native Command Queuing*, and allow your hard drive to have several write or read commands at the same time. The Drive Lock security feature prevents software access to user data until user-defined passwords are provided.
- Keep your hard drive's heath in order with built-in SMART IV technology, which constantly checks the data flow from host interface to media, and media to host for compromises.
