

RCT BAT HL9-12

RCT Helio HL9-12 12V DC 9Ah Rechargeable sealed AGM Battery

Product Overview

RCT Helio HL9-12 12V DC 9Ah Rechargeable sealed AGM Battery - 6 month warranty only

Specifications

Overview Summary:

The RCT HELIO HL9-12 12V DC 9Ah Rechargeable Sealed AGM Battery is a compact and dependable 12-volt sealed AGM battery designed for a wide range of DC power applications. Its maintenance-free design delivers consistent power for UPS backup systems, solar setups and general emergency power needs, making it a great choice for buyers in South Africa seeking reliable energy storage. Shop now to secure dependable performance and long service life with this versatile 9 Ah battery.

This rechargeable battery is easy to install and built to deliver steady output in critical moments like load shedding or power drops. Whether you need it for home UPS systems, solar panels or standby power, buy now and enjoy peace of mind with a quality sealed lead-acid solution.

Performance tier: Standard backup power battery

Uses: UPS backup, solar power storage, emergency lighting, general DC power backup, security systems

Overview:

RCT Helio HL9-12 12V DC 9Ah Rechargeable Sealed AGM Battery

The RCT Helio HL9-12 battery is designed to deliver reliable and long-lasting power for a variety of applications. Its sealed AGM construction ensures safety and maintenance-free operation, making it suitable for both professional and personal use. Compact and efficient, this battery provides steady performance, ideal for situations where dependable power is essential.

Description:

The RCT Helio HL9-12 is a 12V DC 9Ah rechargeable battery with sealed AGM technology. It offers maintenance-free operation, leak-proof construction, and consistent energy output. Its compact design makes it easy to install in small spaces, while its durability ensures reliable power for devices, equipment, or backup systems. Users benefit from a dependable power

Product Specification Sheet

source that is both convenient and efficient.

Features:

Power and Performance

- 12V DC output suitable for a range of devices
- 9Ah capacity delivers steady power over extended use
- Rechargeable design supports repeated use without performance loss

Design and Safety

- Sealed AGM construction prevents leaks and spills
- Maintenance-free operation reduces upkeep and hassle
- Durable casing protects against impacts and environmental factors

Applications

- Ideal for solar setups, emergency lighting, and backup systems
- Suitable for small electric vehicles, portable electronics, and equipment
- Reliable energy source for both home and professional use

Installation and Use

- Compact size allows easy placement in tight spaces
- Ready-to-use straight out of the box with minimal setup
- Can be used in a variety of orientations without risk of leakage
