

## RNUC14MNK1500002

Asus RNUC14MNK NUC L6 Mini PC, N150 3.4GHz, No RAM, No SSD, No OS

### Product Overview

Asus RNUC14MNK NUC L6 Mini PC, Intel Twin Lake N150 3.4GHz 6MB Cache Quad Core Processor with Intel Graphics, 1x DDR5 Memory slot, 1x M.2 SSD slot, WiFi, Bluetooth, 1x USB 3.2 Gen2 Type-C (Front), 2x USB 3.2 Gen2 Type-A (Front), 3.5mm Headset jack (Front), 1x USB 3.2 Gen2 Type-C with DisplayPort 1.4, 2x USB 3.2 Gen 2 Type-A, 1x USB 2.0 Type-A, 1x HDMI 2.1 (TMDS), 1 x DisplayPort 1.4, 1 x RJ45 LAN, 1x Kensington lock

### Specifications

#### Overview Summary:

The Asus NUC 14 Essential Mini PC is a compact, high-performance device designed for office, educational, and small business environments in South Africa. Powered by the Intel N150 quad-core processor and DDR5 memory support, it ensures smooth multitasking, content creation, and reliable connectivity with Wi-Fi 6E, Bluetooth 5.3, and multiple USB ports. Its compact 0.56-liter design allows easy placement or VESA mounting, making it perfect for tight workspaces. Shop now to upgrade your productivity with this energy-efficient, versatile mini PC.

Buy the Asus NUC 14 Mini PC for effortless triple 4K display setups and enhanced efficiency in daily computing. With tool-less access for memory and storage upgrades, this mini PC offers long-term reliability and seamless integration with your workflow. Buy now to enjoy a sleek, modern, and durable solution for office, learning, or retail applications.

**Performance tier:**High

**Uses:**Office productivity, Content creation, Digital signage, Interactive learning, Small business computing

**Overview:****ASUS NUC 14 Essential Mini PC**

ASUS NUC 14 Essential is a compact, energy-efficient mini PC designed for modern office, education, and small business environments. Powered by the Intel Core N-Series processor, it combines powerful performance with low power consumption and versatile connectivity, making it ideal for multitasking, content creation, and digital signage. Its compact 0.56-liter chassis supports triple 4K displays and is easy to mount or deploy in any workspace.

**Description:**

This mini PC delivers a balance of performance, portability, and efficiency. Equipped with Wi-Fi 6E, Bluetooth 5.3, 2.5G LAN, and multiple USB-C and USB-A ports, it ensures fast and reliable connectivity. Users can easily upgrade memory and storage with the tool-less design, while supporting up to three 4K displays for multitasking or immersive media experiences. Ideal for office productivity, interactive learning, or digital signage applications.

**Features:****High-Performance Intel Core N-Series**

The Intel Core N-Series processor offers exceptional speed and responsiveness while maintaining energy efficiency. Experience smooth web browsing, image editing, and content creation without excessive power consumption. The processor also enhances graphics performance, allowing for seamless video streaming and multitasking across multiple applications.

- Energy-efficient N-Series processor
- Smooth multitasking and content creation
- Supports triple 4K displays
- Reduced power consumption without compromising performance

**Compact Design with Flexible Deployment**

With a 0.56-liter chassis, the ASUS NUC 14 Essential is designed to fit in tight spaces. It can be VESA-mounted behind monitors, on walls, or placed on desktops, saving valuable workspace. Its lightweight design makes it an ideal solution for offices, classrooms, or retail environments.

- Space-saving 0.56L chassis
- VESA-mount compatible
- Lightweight and portable
- Sleek and modern design

**Seamless Connectivity and Abundant I/O**

This mini PC provides a wide range of connectivity options, ensuring compatibility with various devices and workflows. Front and rear panels include USB-C, USB-A, HDMI, DisplayPort, LAN, and audio jacks for flexible setup.

- Front panel: USB 3.2 Gen2 Type-C, 2x USB 3.2 Gen2 Type-A, 3.5mm headset jack
- Rear panel: USB-C with DisplayPort, 2x USB 3.2 Gen2 Type-A, USB 2.0, HDMI 2.1, DisplayPort, RJ45 LAN
- Supports multiple high-speed data transfers
- Ideal for triple-display setups and collaborative workflows

**Multitasking and Productivity**

NUC 14 Essential is built to enhance efficiency in work or learning environments. Supporting three 4K displays, it allows users to run multiple applications simultaneously with minimal latency.

- Triple 4K display support
- Smooth software performance

ComX Computers

Product Specification Sheet

- Collaborative learning and conferencing
- Immersive video streaming

Smart Wireless Connectivity

With Intel Wi-Fi 6E and Bluetooth 5.3, the ASUS NUC 14 Essential ensures fast and stable wireless connections, ideal for remote learning, office productivity, or interactive applications.

- Intel Wi-Fi 6E for gigabit speeds
- Bluetooth 5.3 support
- Reliable wireless performance for streaming and collaboration

Easy Upgrade and Maintenance

The tool-less design makes upgrading memory and storage simple. Open the chassis to install DDR5 SO-DIMM or M.2 SSD modules without complicated steps.

- Easy access for upgrades
- Tool-less DDR5 memory and M.2 SSD installation
- Reduces maintenance time and downtime

Durable and Reliable Design

Each NUC unit undergoes rigorous testing to ensure durability and long-term performance. It is designed to handle demanding environments while delivering consistent reliability.

- Exceeds industry durability standards
- Long-term dependable performance
- Suitable for office, education, or retail deployments

ASUS Software Integration

Manage your system efficiently with ASUS tools like MyASUS and ASUS Control Center. These applications allow performance optimization, remote control, and device monitoring.

- MyASUS for system management, updates, and support
- ASUS Control Center for remote monitoring and management
- AI-powered noise cancellation and network optimization
- Integration with mobile devices for enhanced productivity

Ideal Applications

The ASUS NUC 14 Essential adapts to a variety of scenarios, including:

- Office productivity for everyday computing tasks
- Interactive learning environments and educational tools
- Digital signage, kiosks, and point-of-sale systems
- Compact solution for small business or retail setups
