Welcome to razer chroma™
From decking out your rig with a glorious light show to getting the full immersive gaming experience, the possibilities of Razer Chroma™ are endless-and it all starts here.

Unique underglow
With underglow lighting on the underside of the mouse, simply plug in the Razer Abyssus Essential and watch it perfectly illuminate any mousing surface it's on. And with over 16.8 million color options to explore, you'll find what's best suited for hue.

Sync up for more
The Razer Abyssus Essential looks brilliant alone, but pair it with other Razer Chroma™ enabled devices and watch even more magic happen. With inter-device synchronization, explore advanced customized lighting effects and profiles, all easily customizable and set through Razer Synapse 3 (Beta).

An immersive gaming experience
Whether it's displaying a health bar or getting a status cue, transform your game with Razer Chroma™ integration for over 100 titles, including Overwatch, Fortnite and more.

Get animated

Unleash your creativity with Chroma Studio. Explore a palette of lighting options, layering animations and effects -the possibilities are endless.
