Specifications

Overview:

Work with ease and play as much as you like with the new Samsung LED Monitor Series 7. Its improved design provides an excellent view and convenience. The ultra-slim narrow bezel gives it a sleek and stylish look, while its pivot feature allows you to rotate the screen to get desired information. A Wide Viewing Angle gives you the best view at any angle. Get the best picture quality and perfect colour with Mega DCR and a Static CR of 5,000:1, which provides a richer, more immersive picture experience like never before.

Features:

See the bigger picture: Ultra-thin is in.
The slim, sleek and stylish Samsung LED Monitor Series 7 has been built to give you the maximum viewing pleasure. With an ultra slim design, the monitor exudes elegance and beauty and makes optimum use of the environment. Its narrow bezel design lets you concentrate on the contents of the screen and work with efficiency. Its elegant design only enhances its functions, leaving you with a dynamic monitor.

Conveniently adjust the screen with a simple turn
The most convenient feature of the Samsung LED Monitor Series 7 comes in the form of its pivot function. You can rotate your screen to give you the best angle or view that you desire. Tilt your screen from landscape to portrait so you can access more information at a time and scroll less. This function also allows you to use your Series 7 as a dual monitor in conjunction with a laptop. Experience a whole new way of viewing your screen with the impressive features of Samsung's LED Monitor Series 7.

Picture quality that dazzles from every angle
Experience superior picture quality with the Samsung LED Monitor Series 7. A Wide Viewing Angle allows you to see crisp, clear and perfect colours in Full HD from any angle on the LED monitor. The fantastic Magic Upscale feature helps prevent image degradation, thus improving your multimedia picture quality despite its original quality. And Mega DCR plus a Static CR of 3,000:1 provides stunning, pristine and brightly coloured pictures along with vivid and brilliant life-like images, making this monitor the perfect display to own.

Experience real colour with Mega DCR
Mega DCR delivers new levels of colour and picture quality to your viewing experience with images that are real-to-life. Mega DCR's contrast ratio shows blacks at their absolute darkest and pristine whites and other colours at their brightest. You will notice a boost in the contrast level and clearer picture clarity. It is like an explosion of colours that makes other screens seem dull in comparison. Enjoy your content with the professionalism it deserves.

Upscale your view with better quality and picture
Magic Upscale improves image quality to such a level that you will only receive a better picture. Enjoy enhanced image quality no matter how the original picture quality is. Magic Upscale prevents image degradation when scaling up and gives only brilliant and pristine colours and images. And it also makes images on the monitor appear clearer and sharper than on a note pc. Shine with Samsung LED Monitor Series 7.

Decrease your carbon footprint with Eco Saving
The Samsung LED Monitor Series 7 comes with an Eco Saving function that makes it easier to save energy. It adjusts the brightness of your monitor based on the amount of energy you wish to save. Choose from three energy saving modes. Take the effort out of energy saving and take control of your environment.

Monitor compatible with Windows 8
Upgrade to the Samsung LED Monitor Series 7 with 100% compatibility with Windows 8. This Samsung LED Monitor has received a certification logo from Windows 8 that supports the Metro UI feature.
