SAMSUNG® B1730NW LCD

Specifications

Overview:

The differences make all the difference. That's why the Samsung ultra-high 50,000:1 Dynamic Contrast ratio automatic backlight adjustment creates deeper, more dramatic dark tones and brighter, more striking light tones. Now you can enjoy images that echo reality with rich, vivid color and brilliant natural intensity. When it comes down to the details, conventional monitors simply pale in comparison.

No matter how quick the action gets, this monitor keeps up with the scene, delivering stunning, seamless motion imaging that enhances your movie viewing, game playing and internet streaming experience. There's no juddering, blurring or ghosting, just smooth viewing that you can totally immerse yourself in. With Magic Speed, finally magic you can believe in. Enhance images your way using Samsung's advanced ColorEffect feature.

Open your eyes to a completely customized viewing experience as you play with photographic effects that match your mood. Choose from Aqua, Sepia, Green and Grayscale to interact with your display in a whole new way - namely, yours. Samsung Monitors aren't just high performers. They're eco-friendly, efficiency experts as well. The automatic off timer allows users to save energy by setting the monitor to turn itself off at a specified time. As an added benefit, this ensures optimal performance for lasting reliability and extended life.
