SAMSUNG HW-MS6501

Samsung HW-MS6501 Silver Premium Curved All in One Smart Soundbar

Product Overview

Samsung HW-MS6501 Silver Premium Curved All in One Smart Soundbar, 3 Ch, Compatible with the SWA-9000S/XA

Specifications

Features:

Feel the deep bass
Hear deeper bass. Samsung's Distortion Cancelling technology predicts and cancels out distortion before it happens, giving you deeper and more detailed bass without the need for a separate subwoofer.

Wireless surround sound ready
The Wireless Surround Kit* lets you expand your surround sound system easily without the mess of wires**. Together with your Soundbar, you can create a multi-channel system for a true surround sound experience.

Sweet spot anywhere you sit
Every spot is the sweet spot. Get consistently amazing sound everywhere in the room with the state-of-the-art wide-range tweeter.

Get real, with HD Audio
Feel the sound and get into the action with stunningly realistic HD Audio. It preserves the quality and richness of the original sound through 96kHz/24 bit without down sampling.

9 built-in Speakers
The Soundbar is designed with 9 separate speakers, each with its own dedicated amplifier. Speaker configuration and alignment has been engineered and tuned by the Samsung Audio Lab in California to provide clear and accurate sound.

Multi-speaker control
Get the ultimate sound experience. Powered by exclusive Samsung technology, multi-array speakers move simultaneously for more powerful bass.

The science of sound
Tested and tuned at the renowned California Audio Lab, our audio engineers applied new methods of transduction and advanced computer modeling to give you perfectly balanced, room-filling sound.

Wireless connection with TV
Connect your Soundbar to your Samsung TV* easily with Bluetooth or Wi-Fi and remove the clutter caused by wires. You'll be able to enjoy all your content instantly with clearer, more impactful sound.

Seamless mount
Keep it simple, and clean. Mount the Soundbar directly on your TV, without needing to make additional holes in your wall. Use just one cable to power both devices. No more messy wires.

Gain control with one
You don't need several remotes. For power, volume, and even for the sound effects, you can control key Soundbar functions with a Samsung TV remote through your TV's UI.

A truly seamless 4K experience
Your UHD content, UHD Blu-ray Disk Player, and Soundbar Sound+ will be the perfect combination for incredible entertainment without missing out on amazing content quality. With 4K Pass-Through, your 4K content will play seamlessly with the addition of dynamic surround sound.

Smart sound mode
Select a sound mode, or let the Soundbar choose for you. It automatically analyses the sound and gives you the best sounds optimised for your content.

Music streaming service
Whatever songs get your heart beating, Soundbar Sound+ can stream them from your phone or tablet. Simply use Bluetooth or connect to Wi-Fi to play your music.

Samsung Multiroom App
With the Samsung Multiroom App, you'll be playing your favourites in a new way - quickly and seamlessly.
