

SAMSUNG QA65Q7F

SAMSUNG QA65Q7F 65" 4K 3840x2160 QLED TV

Product Overview

SAMSUNG QA65Q7F 65" 4K 3840x2160 QLED TV, Q4 AI Processor, Quantum HDR, HDR 10+ support, Quantum Matrix technology Pro, Motion Xcelerator, 50 Hz Refresh Rate, 20W Sound Output (RMS), Tizen Smart TV Operating System, DVB-T2c Digital broadcasting, 3x HDMI, 1x USB Type-A, 1 Ethernet (LAN), Wi-Fi 5, Bluetooth, eARC HDMI Audio return channel, 400 x 300 mm VESA spec, TM2360e Remote Controller model

Specifications

Overview Summary:

Enjoy immersive home entertainment with the Samsung QA65Q7F 65-inch QLED 4K Smart TV. Its vibrant QLED display delivers rich colour and sharp detail, while AI-powered processing enhances picture and sound for an engaging viewing experience. The slim, modern design fits seamlessly into South African homes, making it ideal for movies, series, and everyday TV.

Powered by Tizen Smart TV, it gives you easy access to popular streaming apps, smart features, and seamless connectivity. Whether you are upgrading your lounge or setting up a modern entertainment space, this Samsung QLED TV offers a balanced mix of performance, style, and smart convenience. Shop now and bring cinematic viewing home.

Performance tier:Upper mid-range

Uses:Home entertainment, movie streaming, sports viewing, casual gaming, smart TV apps

Overview:

Samsung QA65Q7F 65 Inch QLED 4K Smart TV

Enjoy your endless entertainment with Samsung Vision AI. Designed to elevate everyday viewing, this 65 inch QLED TV blends intelligent picture processing, immersive sound and smart connectivity into one seamless experience. From movies and sports to gaming and smart home control, everything feels more intuitive, vivid and responsive.

Description:

The Samsung QA65Q7F 65 inch QLED 4K TV delivers sharp 4K resolution powered by the Q4 AI Processor for enhanced clarity, color and motion. Quantum Dot technology produces rich, accurate colors, while Quantum HDR with HDR10+ support brings deeper contrast to every scene. Built on the Tizen Smart TV platform, it offers smooth access to apps, voice control with Bixby, smart home integration and advanced gaming tools, all wrapped in a slim modern design.

Features:

Smarter performance powered by AI

The Q4 AI Processor analyzes picture and sound in real time to optimize content for 4K viewing. Whether you are streaming, watching live TV or gaming, scenes appear clearer and more detailed with balanced audio to match.

Vivid color and cinematic contrast

ComX Computers

Product Specification Sheet

Quantum Dot technology delivers 100 percent color volume for lifelike shades at any brightness level. Combined with Quantum HDR and HDR10+ dynamic tone mapping, the TV reveals fine details in both dark and bright scenes for a more cinematic experience.

Motion that stays smooth

Motion Xcelerator improves clarity during fast action by refining movement between frames. This makes sports, movies and games look smoother with reduced blur.

Sound that adapts to what you watch

Adaptive Sound adjusts audio based on the type of content being played. Dialogue stays clear, action scenes feel fuller and everyday viewing sounds more natural.

Immersive audio expansion

Object Tracking Sound Lite creates virtual surround sound that follows on screen action. When paired with a compatible Samsung soundbar, Q-Symphony allows both TV speakers and soundbar to work together for a richer soundstage.

Optimized for gaming

AI Auto Game Mode detects the type of game being played and adjusts settings automatically. Game Bar provides quick access to key options like frame rate and input lag without leaving gameplay.

Smart TV experience with One UI Tizen

The Tizen operating system offers a clean, personalized interface with access to streaming apps, lifestyle services and smart home tools. Samsung Daily+ brings entertainment, fitness and productivity apps together in one place.

Voice control and smart home integration

Bixby voice assistant understands natural commands and handles multiple requests at once. Built in SmartThings support lets you monitor and control compatible smart devices directly from the TV screen.

Creative personalization

Generative Wallpaper uses AI to create custom visuals based on your chosen mood or keywords, turning your TV into a dynamic design element when not in use.

Energy conscious viewing

AI Energy Mode intelligently adjusts brightness based on room lighting and content to help manage power consumption during everyday use.

Designed to fit modern spaces

The slim profile blends neatly into any room, while the adjustable stand allows flexible positioning and space for a soundbar underneath. Wall mounting is supported via a 400 x 300 mm VESA pattern.

Connectivity and inputs

- 3 HDMI ports with eARC support
- 1 USB Type A port
- Ethernet LAN connection
- Wi Fi 5 support
- Bluetooth wireless connectivity
- DVB T2c digital broadcast tuner

Included remote

The SolarCell Remote charges using light and includes built in voice control, reducing the need for disposable batteries while keeping control simple and intuitive.
