# SAMSUNG QB65C

Samsung QB65C 65" 4K Signage Display

## Product Overview

Samsung 65" Professional Display - 4k Uhd, 16/7 Usage, 350nit Brightness, Soc Media Player: Sssp 10

## Specifications

**Features:**

- Ultra Slim Depth
- Even bezel
- Centered VESA Holes

**Slim design. Stunning performance.**
Introducing QBC, the slimmest display in the Samsung UHD Signage. It brings elegance to business while maximizing space. Its enhanced internal solutions and intuitive home screen UX make it easy to use. Businesses in various verticals can achieve growth with QBC's efficiency and design innovation.

**Maximum impact in minimum space**
The QBC's unparalleled ultra-slim 28.5 mm depth makes it the thinnest option in Samsung's UHD series. It is compatible with a Slim Fit Wall Mount*, which allows you to install it neatly and easily in any location. QBC optimizes space with its sleek design that blends seamlessly into your business environment.

**Clean visuals in landscape or portrait mode**
The bezels are consistent and even on all four sides of the display, with the same thickness and dimensions. The new even bezel design prevents any visual issues from arising when the display is adjusted to portrait mode.

**Secure and even mounting**
The central positioning of the VESA holes on the back of the display evenly distribute its weight for secure mounting. With the VESA holes now shifted to the center, users can adjust the display to portrait mode without the display tilting unintentionally.

**Lifelike color, born in a pure state with fine crystal**
Every picture is more immersive with one billion shades of color. Dynamic Crystal Color delivers true-to-life variations, allowing customers to see every subtlety.

**View lifelike shades of color in powerful 4K**

Samsung's industry-leading video processing technology enhances every piece of content for clarity and consistency. Intelligent UHD upscaling technology, powered by Samsung's Quantum Processor Lite 4K, elevates lower-resolution video to UHD, providing a professional picture quality.

**Connect with convenience**
QBC boasts greater usability with an upgraded home screen UI. Popular categories like Favorites, Sources and Settings are displayed on the same screen for convenient availability. The Favorites folder grants users quick, easy access to frequently used features in a single click.

**Simplified calibration between screens with mobile app**
Guarantee complete brand consistency across every display in every location. Using the Samsung mobile app, Smart Calibration ensures every display is calibrated correctly, showcasing brand logos and other collateral in the exact colors required.

**Enhance professional environments with expert tools**
Built-in professional modes enable more possibilities in specific verticals. Director Mode minimizes post-processing, aligning content to the director's original intention. Medical teams can simulate medical images such as X-rays with DICOM Simulation Mode, meeting DICOM's full grayscale standards

**Change the way to manage your display**
Samsung VXT CMS is a cloud-based solution that brings together content management and remote device management capabilities, allowing users to remotely manage hardware settings and troubleshoot issues while effortlessly creating and deploying content with no previous training needed.

**Everyday Sustainability**
Samsung is making diverse efforts to reduce our environmental impact in smart signage, and encouraging users to pursue a more sustainable life. As a result, QBC series has earned a series of certifications for environmentally preferable products from highly recognized institutes in the U.S.
