Specifications

Overview:

Discover the future of home entertainment with the Samsung ES7500 Slim LED TV. Advanced Smart Interaction technology makes it easier to control, and you can access a wide range of Smart Hub content, 3D entertainment and apps as well as web browsing and more. You can even keep your TV up to date with Smart Evolution, which allows easy installation of a kit that brings hardware, firmware and interface up to the cutting edge.

Features:

Intuitive interaction with voice and motion control
New sophisticated Smart Interaction technology enables you to operate your TV without pushing a button. You can easily control functions such as turning on / off your TV, changing channels, accessing apps and navigating the web using simple voice commands and motions. Built-in camera with face recognition technology lets you log on to Smart Hub and your personal accounts with no need to type your ID or password. Experience a whole new way to interact with your TV.

- We recommend using the Smart touch Control for the voice control function
- Voice interaction is not available in all languages, dialects and regions.
- Actual performance may vary depending on the language spoken
- Certain features within Smart Interaction may require Internet access.
- Smart Interaction may not be available in all languages / dialects and regions.
- Facial Recognition does not provide as high a level of security as logging in with an ID and password.

Enjoy smarter viewing with enhanced content and features
Enter a world of online entertainment with the new enhanced content made available through Samsung's latest three new signature services - Kids, Fitness and Family Story. The Samsung Kids application brings together home entertainment with

fun and beneficial educational programmes, Samsung Fitness lets you maintain your exercise routines in the comfort of your own home, and Samsung Family Story ensures that your precious family moments are not only saved but easily shared on your Smart TV. Experience breathtaking Full HD 3D contents at home with the 3D explore feature. These amazing new Samsung TV Smart Hub features will enrich your living and be your lifestyle partner.

- Content available via Smart Hub may vary among product categories, models, and territories. See Samsung.com for more details.
- Certain Smart TV features may require firmware upgrades.
- Fitness Service may not be available in all regions.

Complete your viewing experience with ultimate picture quality
Boost your viewing pleasure with superior picture quality for a more realistic and vivid entertainment experience. Clear Motion Rate delivers smoother motion, so you can enjoy fast-moving images with awesome clarity. You'll be able to see spectacular 3D imagery in Full HD 1080p, with advanced Samsung 3D glasses. With Micro Dimming Pro's sophisticated algorithm, which enhances contrast, colour and sharpness, you'll hardly believe what you're seeing.

Revolutionary TV design that catches your eye that transforms your living
Transform your living environment with the sophisticated design. Samsung's elegant One Design aesthetic includes a narrow bezel for a more expansive and immersive experience. It also features a sleek curved look with an innovative stand that creates a complete masterpiece. Discover a TV in which stunning design and great viewing are at one.

Share, store and enjoy content - it's easier than ever
Enjoy a more intuitive and convenient viewing experience thanks to smarter connectivity. You can stream and share music, photos, movies and other multimedia directly to your TV with AllShare Play, and enjoy it on a bigger screen. Built-in Wi-Fi allows access to a range of nearby compatible devices, including mobile devices. With cloud based technology, you can also make the most of your content away from home. Share and enjoy your multimedia easily with better connections.

Renew your TV, every year
Keep your TV up-to-date with the latest technology is now a reality. Samsung's Smart Evolution completely reengineers your TV without having to replace the whole set. Simply insert the Samsung Smart Evolution Kit and let it work its magic. Transform your TV's dual core CPU to the faster generation of quad core technology. Heighten your viewing experience by shifting your VOD resolution HD TV to the wondrous picture quality Full HD has to offer. Add more functions and reinvent your television with more contents. Access a whole new world of interactive contents and new features, your TV will never be the same again. Smart Evolution Technology truly gives you a new TV every year.

Smart Evolution Kit, sold separately, will be available in 2013
Actual performance may vary and subject to model specs and hardware limitations
Smart Evolution Kit improvement levels are based on year of purchase
Smart Evolution kit image may change when launched
