

SAM_1GB_DDR2800

Samsung 1GB DDR2-800 200pin SO-DIMM Memory

Product Overview

Samsung 1GB DDR2-800 200pin SO-DIMM Memory, PC2-6400, 2Rx16

Specifications

Overview Summary:

Upgrade your compatible notebook with the Samsung 1GB DDR2-800 200-pin SO-DIMM memory module for dependable everyday performance. Designed for laptops that support DDR2 memory, this module helps improve system responsiveness for routine tasks such as web browsing, office work and light multitasking. Buy now to give your older notebook a simple and cost-effective memory upgrade.

Ideal for home users, students and businesses maintaining compatible legacy laptops, this Samsung memory module delivers stable operation and trusted compatibility. Shop now for a reliable notebook RAM upgrade delivered across South Africa.

Performance tier:Entry-level

Uses:Laptop memory upgrade, notebook repair, replacing faulty RAM, improving everyday computing, office productivity, basic multitasking

Overview:

Samsung 1GB DDR2-800 200-Pin SO-DIMM Laptop Memory PC2-6400

Upgrade the performance of an older notebook with the Samsung 1GB DDR2-800 200-pin SO-DIMM memory module. Designed for compatibility with laptops that support DDR2 memory, this module provides a reliable way to replace faulty RAM or increase available system memory for smoother everyday computing. Operating at DDR2-800 (PC2-6400) speeds, it helps improve responsiveness when running basic applications, browsing the web, or handling office tasks.

Description:

The Samsung 1GB DDR2-800 SO-DIMM memory module is an ideal upgrade for compatible laptops requiring DDR2 memory. Built to Samsung's high manufacturing standards, it delivers dependable performance and stable operation for older notebook systems. Whether you are repairing an existing laptop or extending the life of legacy hardware, this memory module offers an

easy and cost-effective solution.

Features:

Key Details

- Capacity: 1GB
- Memory Type: DDR2 SDRAM
- Speed: DDR2-800
- Memory Standard: PC2-6400
- Form Factor: 200-pin SO-DIMM
- Rank Configuration: 2Rx16
- Designed for compatible notebook computers

Performance Benefits

Installing additional memory can improve the overall responsiveness of compatible systems by allowing applications to run more efficiently and reducing slowdowns caused by limited RAM. This makes it a practical choice for basic computing, light productivity, educational use, and replacing defective memory modules.

The Samsung Part Number / SKU SAM_1GB_DDR2800 makes it easy to identify the correct memory module when ordering a replacement or matching existing system components.

Compatibility Information

Before purchasing, verify that your laptop supports:

- DDR2 SO-DIMM memory
- 200-pin memory modules
- DDR2-800 (PC2-6400) memory standard
- 1GB memory capacity per module where applicable

Technical Information

- Brand: Samsung
- Capacity: 1GB
- Memory Technology: DDR2 SDRAM
- Speed Rating: PC2-6400 (DDR2-800)
- Form Factor: 200-pin SO-DIMM
- Module Configuration: 2Rx16
- Part Number / SKU: SAM_1GB_DDR2800
