Specifications

About this product

The Salton SCDR6 Clothing Drying Rack provides 6 metres of hanging space across 3 tiers for convenient indoor clothes drying. Made from durable steel and plastic, it supports up to 15kg of clothing and folds compactly for easy storage. Buy the Salton SCDR6 online today for a practical home laundry solution.

Overview Summary

The Salton SCDR6 Clothing Drying Rack is designed to provide generous drying capacity in a practical, space-conscious format. With 6 metres of hanging space spread across 3 tiers, it offers room for drying multiple garments indoors without requiring a permanent installation.

Its steel and plastic construction provides a durable everyday drying solution, while the foldable design makes the rack easy to store when it is not being used. The rack has a maximum weight capacity of 15kg, making it suitable for regular household laundry.

Performance tier: Standard household

Uses: Indoor clothes drying, laundry drying, drying garments, household laundry, space-saving clothes drying

Overview

Salton 6M Clothing Drying Rack - 3-tier indoor airer with 6 meters of hanging space in a compact 64.5 x 35 x 117.5 cm footprint, ideal for apartments and small laundry areas. Built from durable steel tubes (?19x0.5mm/?12x0.3mm/?10x0.38mm) and plastic with a powder-coated frame, it supports up to 15 kg and folds flat for easy storage. Perfect for drying clothing indoors with non-slip stability, quick setup, and space-saving design that fits neatly in closets or behind doors when not in use.

Description

The Salton SCDR6 Clothing Drying Rack is a practical solution for drying clothes indoors. It provides 6 metres of hanging space arranged across 3 tiers, allowing garments to be distributed across the rack rather than requiring multiple separate drying areas.

The rack is constructed from steel and plastic for everyday household use. Its 15kg maximum weight capacity provides space for a substantial amount of laundry, while the tiered design helps make efficient use of available floor space.

When drying is complete, the foldable construction allows the Salton SCDR6 to be folded away for easier storage. This makes it suitable for homes where drying equipment needs to be stored between uses or where available space is limited.

Features

The Salton SCDR6 combines multiple drying levels with a foldable design to provide a convenient indoor laundry solution.

- 6 metres of total hanging space provides room for multiple garments.
- 3 tier design creates multiple levels for organising laundry.
- Foldable construction allows convenient storage when not in use.
- Steel and plastic construction is designed for regular household use.
- 15kg maximum weight capacity accommodates a substantial amount of clothing.
- Suitable for drying clothing indoors.
- Space-conscious design helps make practical use of available floor space.
