Overview:

SanDisk Ultra Shift 512GB USB 3.2 Gen 1 Flash Drive - Evening Primrose Colour, Up to 100MB/s Sequential read Performance, SDCZ410-512G-G46EP

- Keep your digital world at your fingertips with the SanDisk Ultra Shift USB. With read speeds up to 100MB/s, you can spend less time waiting
- Model Number: SDCZ410-512G-G46EP
- SanDisk Ultra Shift USB 3.2 Gen 1 Flash Drive - 512GB (Evening Primrose)

Description:

The SanDisk Ultra Shift 512GB USB flash drive provides a convenient way to store, transfer, organise and access your digital files. With USB 3.2 Gen 1 connectivity and sequential read speeds of up to 100MB/s, it is designed to help you move files efficiently between compatible devices.

Its compact capless design makes the drive easy to carry without the hassle of keeping track of a removable cap. A lanyard slot also provides a convenient way to keep the drive close at hand, whether you are working in the office, studying, travelling or managing files at home.

Features:

Fast and Convenient USB Storage
The SanDisk Ultra Shift is built for everyday file transfers, giving you quick access to documents, photos, videos, music and other digital content. USB 3.2 Gen 1 provides a practical interface for compatible USB Type-A laptops, desktop computers and other devices.

With read speeds of up to 100MB/s, large files can be accessed and transferred efficiently, helping reduce waiting time during everyday tasks.

Key points include:

- 512GB storage capacity for documents, photos, videos, music and other files
- USB 3.2 Gen 1 interface
- Sequential read performance of up to 100MB/s
- USB Type-A connectivity
- Compact and portable capless design
- Lanyard slot for convenient carrying
- Suitable for Windows and macOS computers

512GB Capacity for Everyday Files
With 512GB of storage, there is plenty of room for important documents, personal files, photographs, videos, music and work projects. Keeping frequently used files on a portable USB drive can also make it easier to move content between computers without relying on an internet connection.

The SanDisk Ultra Shift range is available in capacities up to 1TB, giving users options when more portable storage space is required.

Compact Capless Design
Designed for portability, the SanDisk Ultra Shift USB flash drive can easily fit into a pocket, laptop bag or other everyday carry. The capless construction removes the need for a separate protective cap that can be misplaced, while the integrated lanyard slot provides another convenient carrying option.

Easy USB Type-A Connectivity

The drive is compatible with a wide range of USB Type-A devices, making it suitable for transferring files between laptops, desktop PCs and other compatible equipment. Simply connect the drive to an available USB port and access your stored content without complicated setup.

Password Protection for Private Files
For users who store personal or sensitive information, password protection is available through the SANDISK app. This provides an additional way to help keep private files protected when the drive is being used or shared.

Manage and Organise Your Files
The SANDISK desktop app can be used with Windows and macOS computers to help manage, back up and organise content. This provides an additional tool for keeping files organised and making better use of your portable USB storage.

Please note that the mobile app is available separately and is not compatible with this USB Type-A drive.

SanDisk Ultra Shift 512GB Specifications

- Capacity: 512GB
- Interface: USB 3.2 Gen 1
- Connector: USB Type-A
- Sequential read speed: Up to 100MB/s
