SanDisk Ultra Fit 256GB USB 3.2 Gen1 Flash Drive

Product Overview

SanDisk Ultra Fit 256GB USB 3.2 Gen1 Flash Drive, Interface USB 3.2 Gen 1 backward compatible with USB 3.0 and USB 2.0, Connector USB Type-A, Read Speed up to 400 MB/s

Specifications

Overview Summary:

Secure your important files with the SanDisk Ultra Fit 256GB USB Flash Drive, now available for purchase in South Africa. This compact and lightweight storage solution delivers impressive read speeds of up to 400 MB/s, allowing you to transfer full-length movies in under 30 seconds. Designed for portability, its sleek form factor ensures it stays hidden inside your laptop or PC without taking up extra space.

Protect your sensitive data with password protection software and recover accidentally deleted files using the included RescuePRO Deluxe tool. Whether you are a student, professional, or casual user, this drive offers reliable performance for all your storage needs. Shop now to upgrade your digital workflow with one of the most trusted brands in the industry.

Performance tier:High

Uses:Data backup, file transfer, portable storage, media playback, secure document storage

Overview:

The SanDisk Ultra Fit USB flash drive is designed for users who demand high-speed data transfer in an ultra-compact form factor. With a sleek, low-profile design that fits flush with your computer port, this drive eliminates the bulk of traditional sticks while delivering performance that meets modern standards. Whether you are backing up essential documents or moving large media files, this device ensures a seamless experience without taking up valuable space on your laptop or desktop.

Description:

This 256 GB USB flash drive combines speed and security in one compact package. It allows you to transfer full-length movies in under 30 seconds thanks to its high read speeds, while built-in password protection keeps your personal data safe from unauthorized access. The included RescuePRO Deluxe software helps recover accidentally deleted files, adding an extra layer of reliability for important content.

The SanDisk Ultra Fit leverages USB 3.2 Gen 1 technology to ensure fast and efficient file movement across compatible devices. This backward compatibility means it works effortlessly with older USB 3.0 and USB 2.0 ports without sacrificing performance when connected to newer systems. The drive measures just 29.8 by 14.3 by 5 mm and weighs only 1.28 grams, making it the perfect companion for travel or everyday use.

Features:

Technical Specifications:

- Capacity: 256 GB
- Interface: USB 3.2 Gen 1 (Backward Compatible With USB 3.0 And USB 2.0)
- Connector Type: USB Type-A
- Maximum Read Speed: Up to 400 MB/s
- Operating Temperature Range: 0degrees C to 35degreesC
- Dimensions: 29.8 x 14.3 x 5 mm
- Weight: 1.28 g

To enhance your data management workflow, the drive comes with downloadable tools that simplify file protection and recovery. You can set a password to encrypt sensitive information directly on the device, ensuring that only you have access to your files even if the drive is lost or stolen. Additionally, the RescuePRO Deluxe software provides a safety net for accidental deletions, giving you peace of mind when working with critical data.

The model identified by part number SDCZ430-256G-G4 represents a reliable solution for those needing portable storage that does not compromise on speed or security. Its small footprint allows it to remain plugged into your computer without obstruction, reducing the risk of physical damage while keeping your data accessible at all times.
